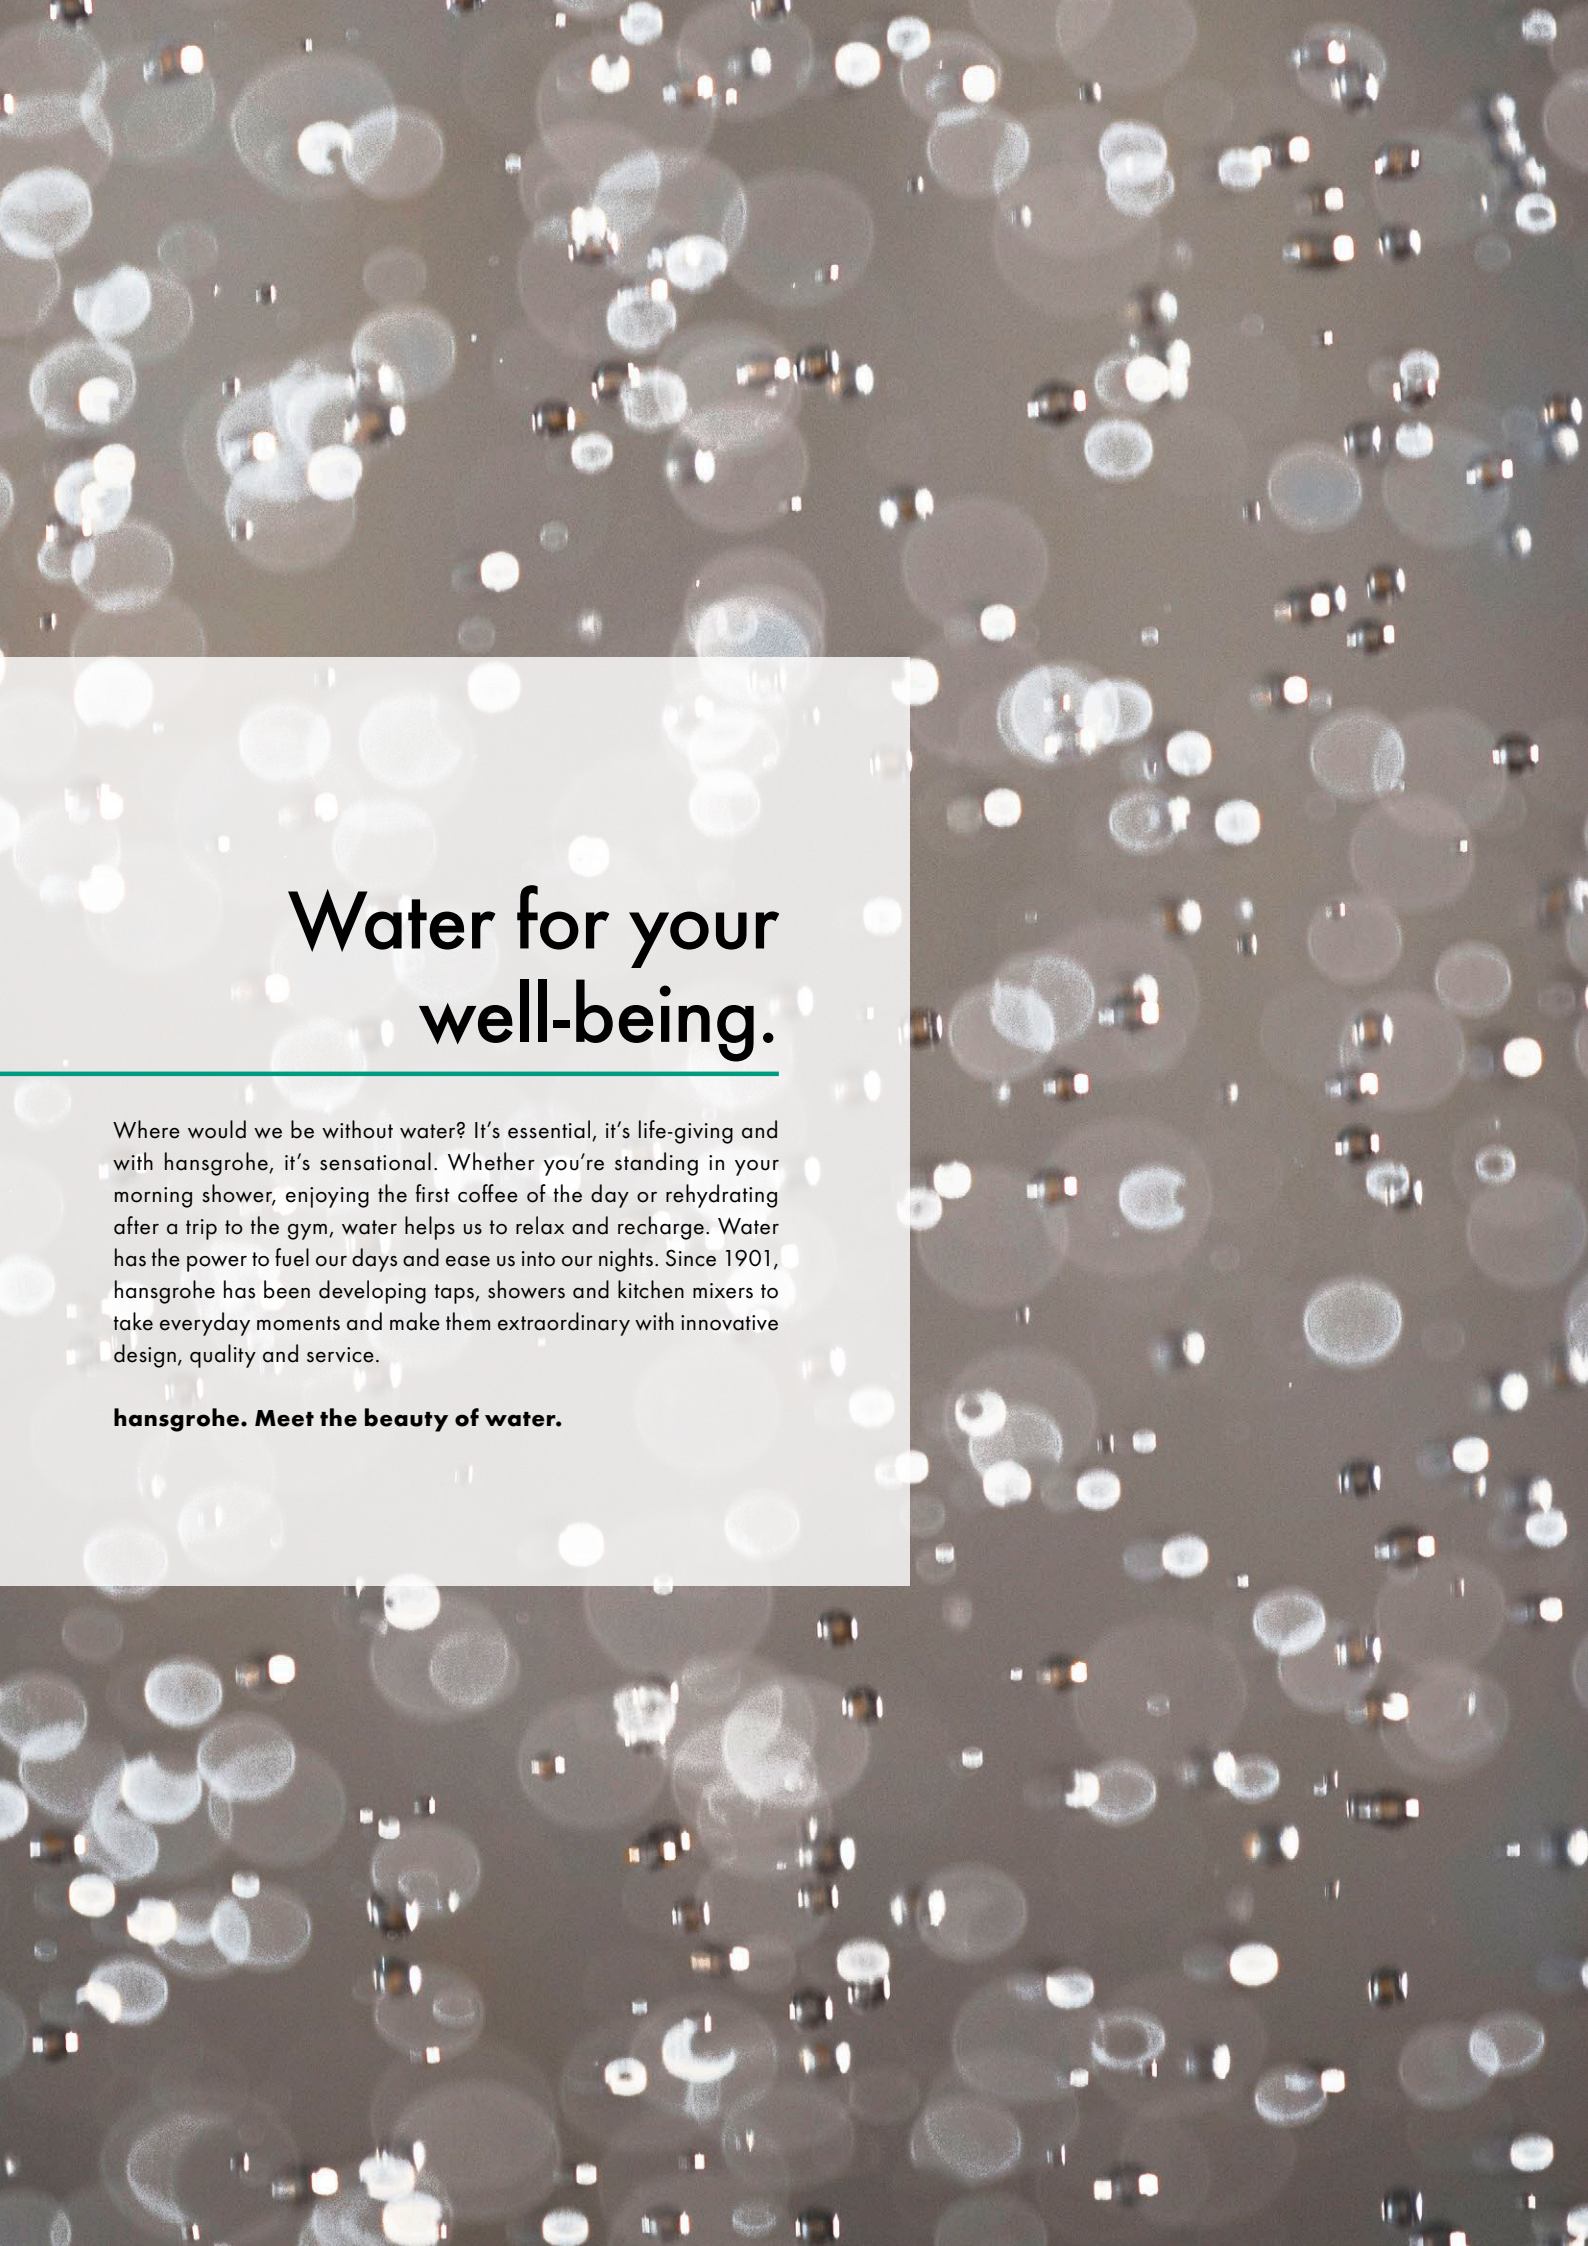
hansgrohe

Ideas for water.

Showers and mixers for the bathroom and kitchen.



Water for your well-being.

Where would we be without water? It's essential, it's life-giving and with hansgrohe, it's sensational. Whether you're standing in your morning shower, enjoying the first coffee of the day or rehydrating after a trip to the gym, water helps us to relax and recharge. Water has the power to fuel our days and ease us into our nights. Since 1901, hansgrohe has been developing taps, showers and kitchen mixers to take everyday moments and make them extraordinary with innovative design, quality and service.

hansgrohe. Meet the beauty of water.

87 Overview – Technologies, Spray modes, Finishes

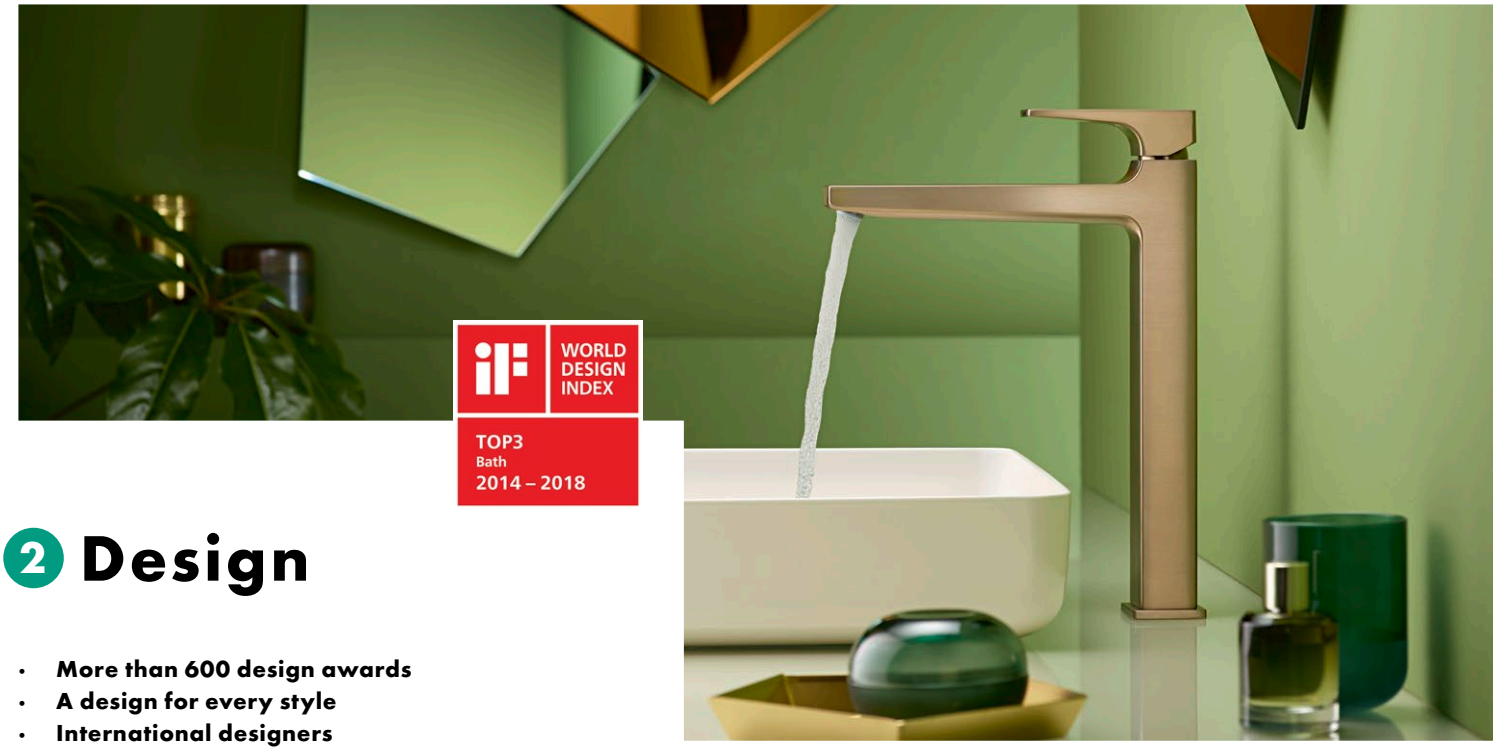
Your needs are our priority.

1 Innovation

- **Revolutionary innovations**
- **Pioneers in the industry**
- **Ground-breaking technologies**

At hansgrohe, we don't just innovate, we revolutionise. Some of our product developments have made history in our industry and changed how people all over the world experience water, every day. We have our own dedicated research and development laboratory where our industry experts have worked to produce more than 16,000 active patents, ensuring that hansgrohe remains the industry leader. We care deeply about you and your enjoyment of our products, in terms of both form and function.

TOP 100
top100.de
Top-Innovator 2018



2 Design

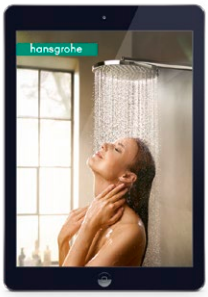
- **More than 600 design awards**
- **A design for every style**
- **International designers**

Design can be defined in a number of ways: shape, aesthetic, style. But, at hansgrohe, good design means more than just good looks. As well as world-class appearance, our influential designers also focus on quality and maximum customer benefit. It's our unwavering attention to detail that has earned more than 500 internationally renowned awards. From the big picture to the small details, we take every opportunity to make your bathroom experience the best it can be with our technical innovations. Whether it's Modern, Classic or Avantgarde, we have the perfect solution to suit any need and, most importantly, our timeless designs will outlive fast-paced fashion trends.

3 Quality

- **Experts since 1901**
- **Made in Germany**
- **5 year guarantee**

Since 1901, people all over the world have put their trust in hansgrohe's durable products from the heart of the German Black Forest. hansgrohe is synonymous with high-quality products of exceptional design, ease of use and intelligent functions. Since our foundation, 'Engineered in Germany' has been a recipe for success and remains an integral part of our philosophy. This level of German expertise is recognised as a guarantee of excellence and every one of our facilities works to the high standards that we set. As testament to this, we offer a 5-year guarantee and hold spare parts for discontinued products for a further 15 years.



4 Service

- **Support and valuable expertise**
- **Always here to help**
- **Exhibitions to explore**

Customer satisfaction has, and always will be, our primary focus. At hansgrohe, we work in partnership with you to ensure the best possible solution. Being able to deliver top-quality, personal service to our customers at all times is a key part of how we operate as a company. No matter the question, problem or special request, we are here to help.

Spray Types

We've been around for long enough to know that not every showering experience is the same. Sometimes you need more than just a quick wash ... sometimes, you need indulgent relaxation after a long, busy day. You shower should be as unique as you. So, whether you need energising or soothing, Select Technology can deliver you the ideal experience at the touch of a button.

NEW

POWDERRAIN
Revolutionise your daily shower experience with PowderRain and transform your bathroom into an oasis of relaxation. Instead of only one jet outlet per nozzle, PowderRain has fine openings that create thousands of fine and silky micro-droplets that envelope your body.

INTENSE POWDERRAIN
Intense jets of fine micro-droplets for sensational showering. Intense PowderRain is extraordinarily effective as the number of droplets has been substantially increased to produce an intense, yet velvety soft spray.

Simply scan the code and experience the spray patterns in the video.

RAIN AND RAIN XL
A powerful rain jet, with an invigorating burst of freshness for the entire body, ideal for rinsing out shampoo. This spray type is perfect for a stimulating start to the day, and to recharge your batteries.

RAINAIR AND RAINAIR XL
Relaxing shower rain, which is enriched with air inside the shower head. This makes the water feel exceptionally soft and plump, covering your body with soft beads of water and enveloping you to create a sense of well-being. It's a spray most loved by pleasure seekers.

INTENSERAIN
It's not just shampoo you can rinse away with ease thanks to IntenseRain water spray. It's perfect for setting yourself up for the day too: wash morning tiredness down the drain – for a refreshing start to the day.

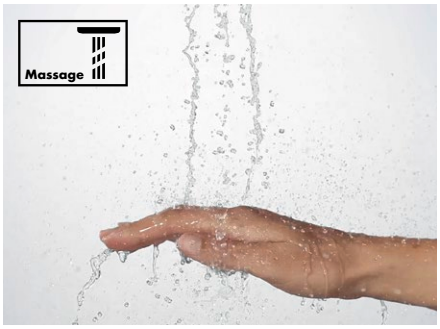
TURBORAIN
The all-purpose tool for quick, straightforward results: TurboRain is the most powerful of our Rain spray modes and lives up to its name every time.

SOFTRAIN
The gentle SoftRain water spray wraps itself around the body, treating your skin and your soul. The SoftRain spray comes into its own during a quick morning shower and during a long soak in the bath after a hard day.

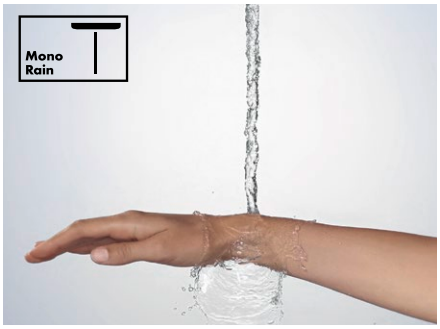
MIX
Simultaneously gentle and dynamic. The mix spray combines the rich, soft RainAir spray with the strong, revitalising CaresseAir spray. Soft drops envelop your body, while a warm jet massages the skin. It's a dream combination for daily showering pleasure.

WHIRL
A swirling massage spray, which showers away the stresses of the day. This relieves tension, primarily in the neck area and shoulders. The rotating helix jet wanders over the skin, just like a masseur's fingers. The ideal choice for relieving stress or giving yourself a spa-like treatment after playing sport.

CARESSEAIR
Five strong single sprays combine in a pleasantly revitalising and powerful massage. It's just the thing for post-exercise or after a hard day at work – good as new in minutes.



MASSAGE
A concentrated spray that effortlessy washes the day's stress away. The targeted spray relaxes tense areas, while the innovative circular arrangement of the jets turns the shower into a mini-wellness treatment for your bathroom.



MONORAIN
A targeted, soothing spray from the centre of the showerhead. The Mono jet's lightness helps you to unwind, making it a perfect spray for relaxing.

RAINFLOW
An overhead shower with beautifully shaped RainFlow that brings the experience of a waterfall to your bathroom. This is water in its natural form, falling from above onto your neck and shoulders.

RAINSTREAM
The new single sparkling RainStream spray is a crowning achievement for the hansgrohe spray developers. These special overhead shower sprays remain revitalising and intense from head to toe, giving a consistent experience however tall you are.

All specified flow rates are based on an operating pressure of 0.3 MPa (3 bar).

Technologies

Select

Convenience at the touch of a button

Select Technology simplifies controls, giving you everyday bathroom convenience. The touch of a button lets you control of the spray type or water flow.

Benefits for you:

- Easy operation at the touch of a button
- Operated by finger, elbow or back of the hand
- Functional and reliable
- Preset temperature options

ComfortZone

For the freedom to move wherever you like

Whether you want more elbow room when washing your hands, a comfortable way to wash your hair or just fill containers, the higher the tap, the more flexible your options become. We call the space between the tap and the ceramics the ComfortZone because you can use it however you like.

Benefits for you:

- Perfect tap height for all situations
- Practical every day
- Easy to configure
  www.hansgrohe.com/comfortzone

Scan the code and learn more about our technologies.

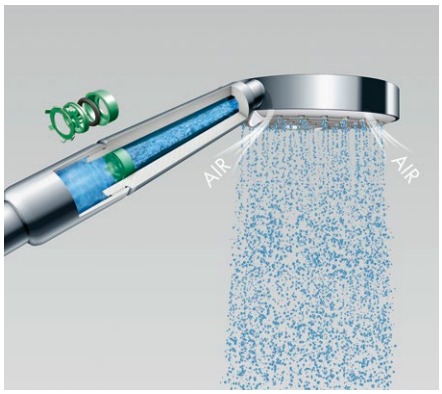
QuickClean

Rub off limescale quickly and easily

Hard water, dirt, cleaning agents: your bathroom needs to withstand a lot. hansgrohe makes painstaking cleaning a thing of the past, thanks to our QuickClean technology. Now, you can simply rub limescale and other residues off in an instant, so your hansgrohe products will stay in top condition and look great for a long time to come.

Benefits for you:

- Time-saving cleaning
- High-quality, tearproof silicone
- Permanently flawless functionality and long service life



EcoSmart

Save money and be eco-friendly

hansgrohe showers and taps equipped with EcoSmart technology consume up to 60% less water than conventional products. This not only means that you use less water, but also need less energy to heat the water – good news for the planet, and good news for your wallet.

Benefits for you:

- Reduces your water and energy bills
- Cuts CO_2 emissions
- Constant flow and plump water droplets

Calculate how much water and energy is saved using the savings calculator at:
www.hansgrohe.com/savings

Technologies

AirPower

For a light, luxurious sensation

With AirPower, it's possible to increase the enjoyment of your shower, while simultaneously reducing the amount of water you use. This is thanks to hansgrohe's innovative technology, which enriches each water droplet with air, making it feel more lush and full-bodied against your skin.

Benefits for you:

- Fuller water jet
- Less water consumption
- Light, luxurious feeling

XXLPerformance

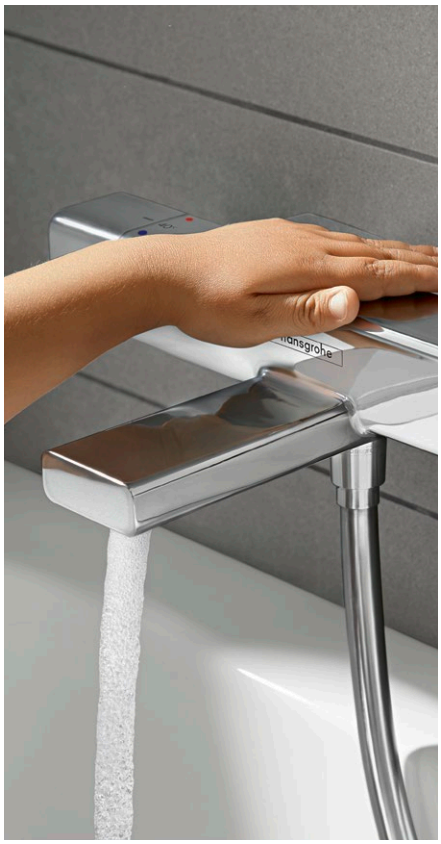
Incredibly indulgent showering

Enjoy your shower on a whole new scale, with hansgrohe XXL Performance. Whether it's a hand or overhead shower, you can choose a spray disc between 100 and 600mm in diameter, offering your a supersize rain shower experience which has more in common with a spa treatment than a home shower.

Benefits for you:

- Extra-large spray surfaces
- Summer rain effect
- Effective use of water

Scan the code and learn more about our technologies.



CoolContact

Soothing sensations

Introducing carefree showers. CoolContact prevents the thermostatic mixer from getting too hot and prevents painful scalding, so you can enjoy your indulgent shower without a care in the world.

Benefits for you:

- Safe from scalding
- For a safe, child-friendly bathroom
- Care-free showering

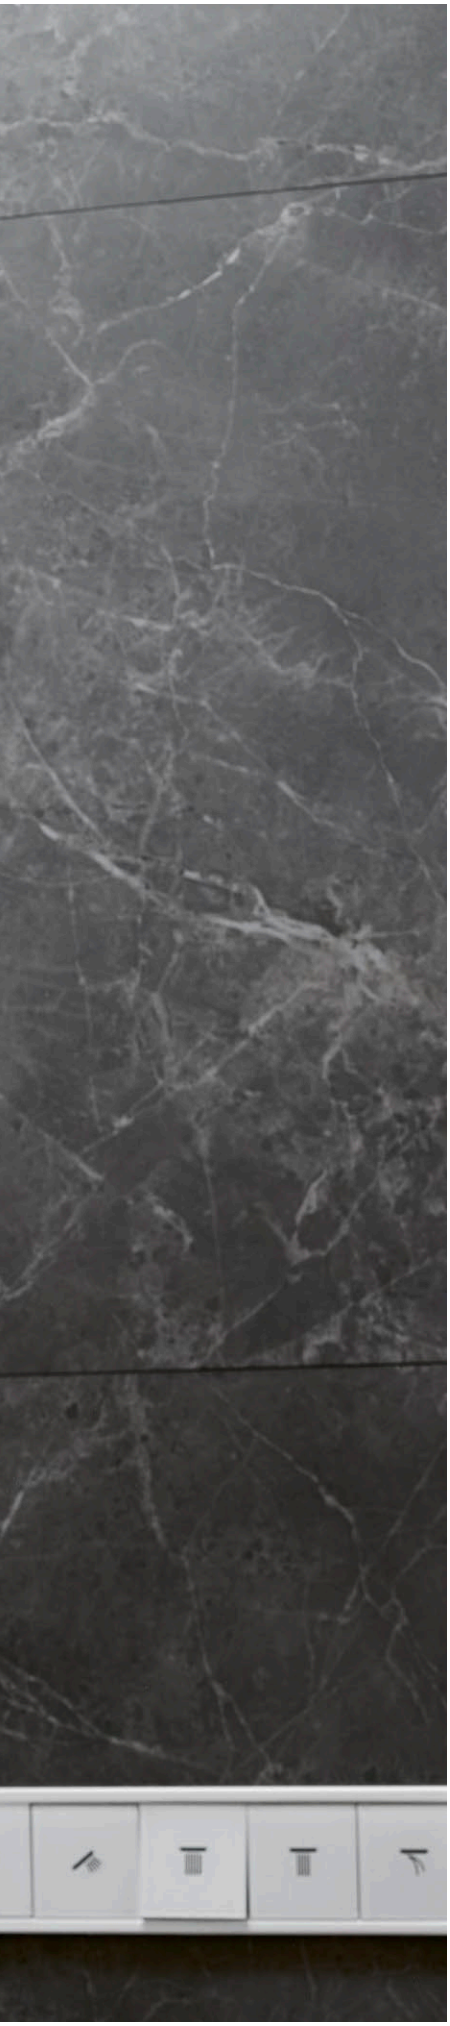
CoolStart

Turn right to save energy

Normal taps allow hot water to flow when the handle is in the middle position. With CoolStart, you have to make the deliberate choice to add hot water meaning the heater or circulation pump doesn't spring into action every time. Simply mix in hot water by turning the handle to the left and do your bit for the environment while cutting your costs.

Benefits for you:

- Only cold water will flow in the basic setting
- Big savings
- Easy and ergonomic



Taking showering to a new dimension – **Rainfinity®.**

Your bathroom is not just any old place – it's your feel-good haven and it needs a special shower that enables you to completely let go to enjoy the here and now. The new Rainfinity shower range features innovative functions, extraordinary design and special spray types for a whole new showering sensation. The matt white stands elegantly in contrast to the graphite-coloured spray discs, transforming your bathroom.

The ultimate in showering indulgence.

Your bathroom is your personal feel-good space where relaxation takes centre stage. Imagine being cocooned from head to toe in ultra-soft micro-droplets in your shower – all-round indulgence like you've never experienced it before.

ALWAYS COMES IN HANDY:
Choose the perfect hand shower for your needs from two variants.

RELAX. STOP CARRYING THE WEIGHT OF THE WORLD ON YOUR SHOULDERS:
The new shoulder shower with integrated shelf for an innovative, enveloping shower.

SET YOUR OWN RULES:
Rainfinity can be set to tilt at an angle of between 10° and 30° using the ingenius wall connection. Find your most comfortable showering positiom, or keep your hair and face dry while your body is drenched in water.

EXQUISITE DESIGN:
The tilted angle and lack of conventional shower arm transforms the Rainfinity overhead shower into a bold statement in modern bathroom design.

POWDERRAIN:
A unique shower experience thanks to the soft caress of micro droplets. Learn more on the next page.

INTENSE POWDERRAIN:
Intense spray of micro-fine droplets for sensational showering.

RAINSTREAM:
Generous flow of soft sprays.

MONORAIN:
Focussed spray for a soothing, feel-good shower.

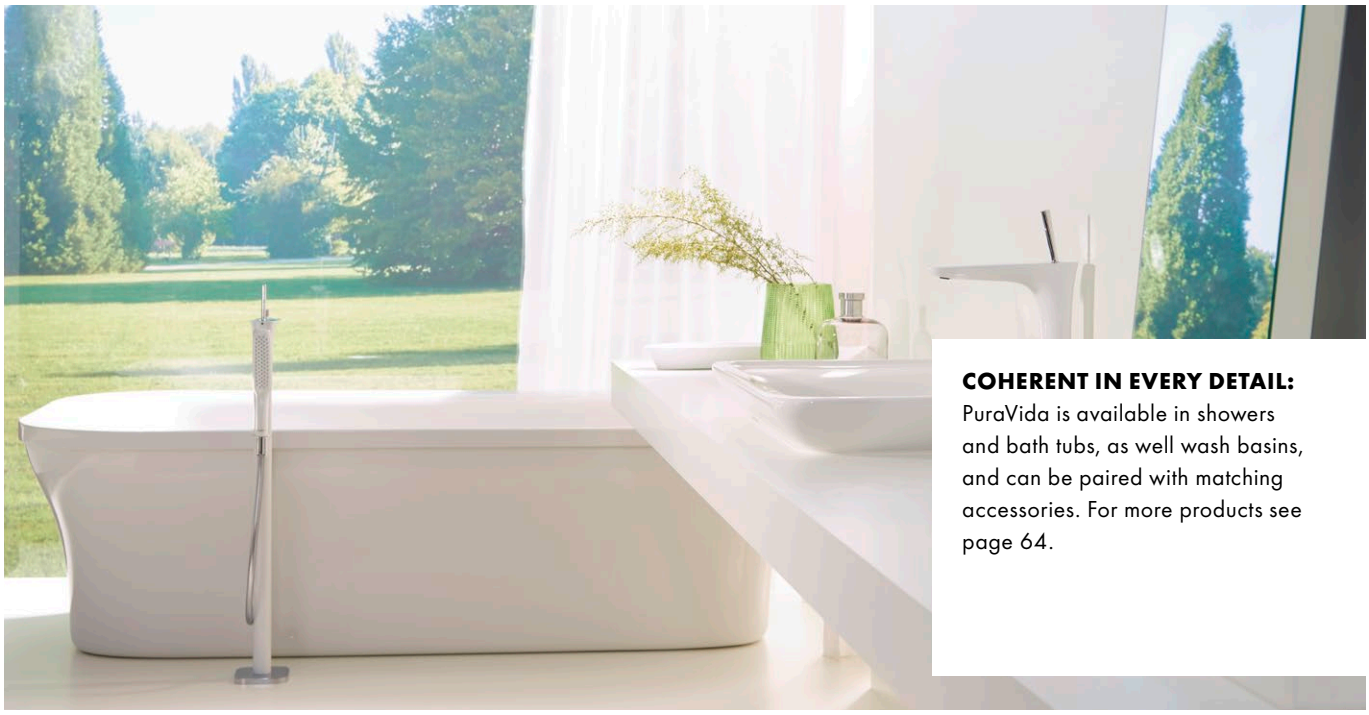
Pure sensual indulgence – **PuraVida®.**

PuraVida is all about multi-sensory design. It is timelessly purist and shines with scratchproof powder coating in either the two-tone white and chrome or in chrome alone. But the PuraVida aesthetic is about more than just looks: EcoSmart technology reduces your water consumption, energy bills and your carbon footprint. Pure and simple.



COHERENT IN EVERY DETAIL: PuraVida is available in showers and bath tubs, as well wash basins, and can be paired with matching accessories. For more products see page 64.

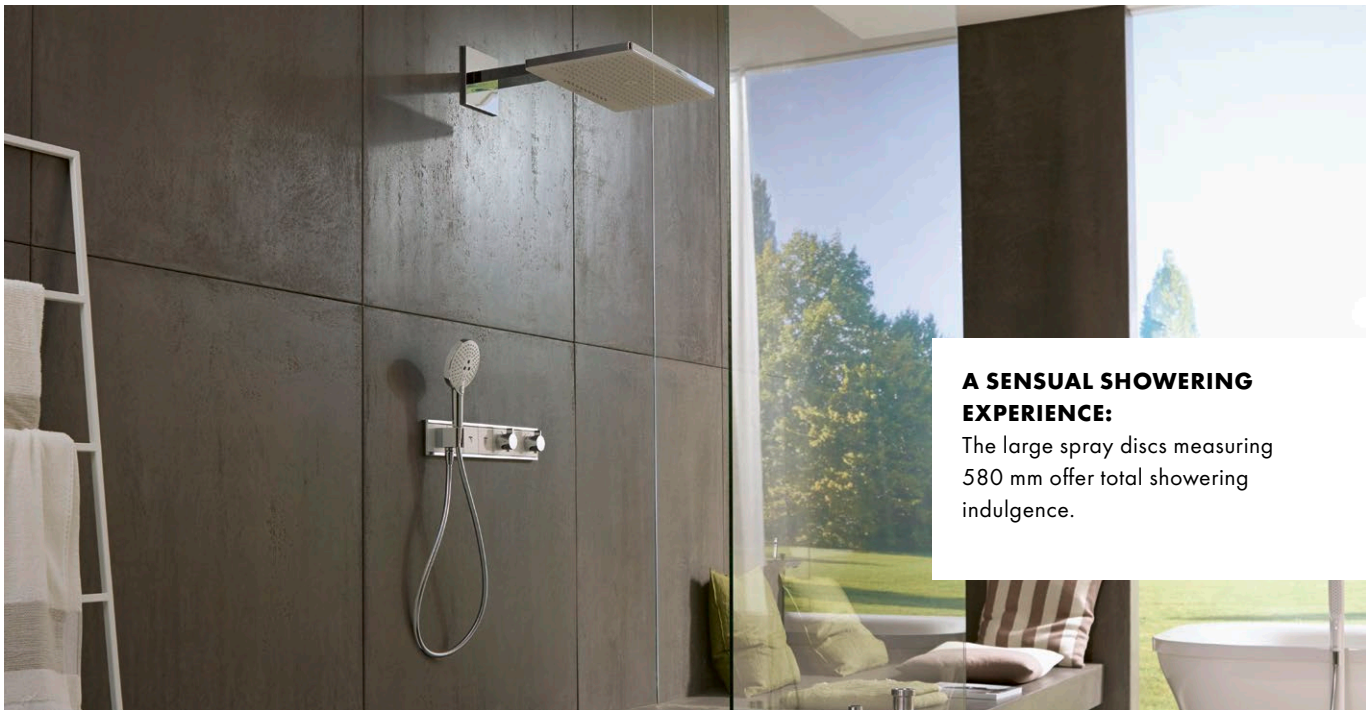
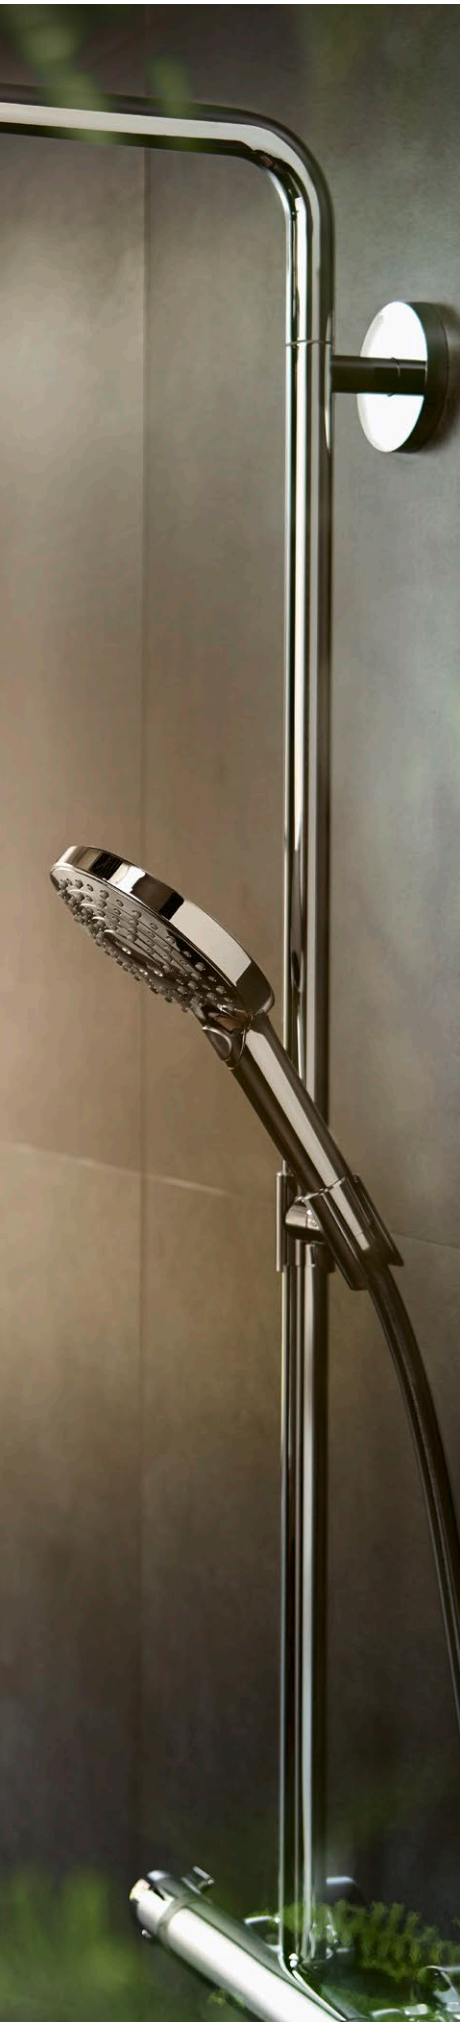
Next level indulgence – **Rainmaker®.**

Experience water on a big scale. Rainmaker is synonymous with lavish showering indulgence that is a cut above the rest. The large rain shower has the power to turn your bathroom into a spa, a tropical shower or a mountain waterfall. Available for the wall, ceiling or as a shower system with overhead shower, hand shower and Select thermostatic mixer. With a slender chrome frame and high-quality glass spray disc in white or elegant black, the Rainmaker systems are sophisticated designer products.



A SENSUAL SHOWERING EXPERIENCE:
The large spray discs measuring 580 mm offer total showering indulgence.



Delicate and elegant – **Raindance®.**

Raindance and the innovative PowderRain jet type create a private spa feeling in your home. Thousands of micro-fine droplets envelop you in a fragile cocoon of water. Everything is quiet and ultra-delicate so that you can immerse yourself and relax completely.

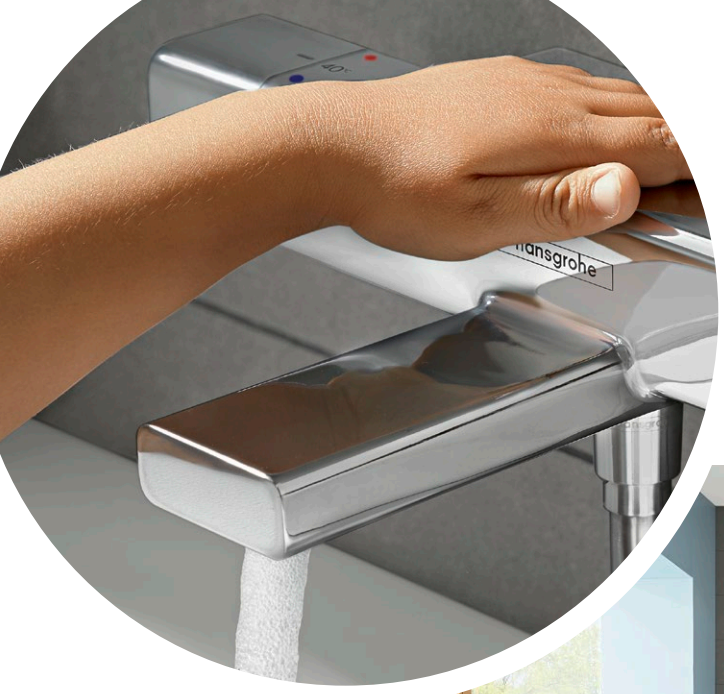
Carefree fun for your little ones – **Croma®.**

The Croma shower range is perfect for the whole family, boasting innovative safety features, modern design and an attractive price. They provide that signature hansgrohe showering experience without compromising on practicality.



COOLCONTACT:
The thermostatic mixer's housing will always be a pleasant temperature to touch thanks to a new cooling technology.

www.hansgrohe.com/coolcontact

SOFTCUBE DESIGN:
Clean lines and gently rounded edges can be matched with round or linear bathroom elements.

SIMPLE SWITCH-OVER FUNCTION:
For convenience when switching from overhead to hand shower, simply turn the regulator on the bath tub's Showerpipe to the right.

EASY TO HANDLE:
Simply move the shower support along the Showerpipe with just one hand.

Switch to more convenience – **RainSelect®.**

The RainSelect thermostatic valve is a triumph of design and functionality. Offering the latest in shower technology, designed in such a way that it can be integrated into the wall, the overall product will allow you to enjoy your shower in a way you never have before. With two to five buttons, there's a RainSelect variant to suit your bathroom. Choose two buttons to control a single-jet overhead shower and hand shower, or go for five buttons, if you want to control a multi-jet overhead shower, plus a hand and side shower.

HIGHEST STANDARDS:
With two to five buttons, RainSelect offers the scope of operating functions required for a shower system to be able to satisfy your individual needs.

Complete control at the touch of a button – **ShowerSelect®.**

hansgrohe's ShowerSelect units allow you to control water via a simple button, whether you're turning the water off or selecting between your overhead and hand shower, making it an ultra-convenient and intuitive addition to any bathroom. They are available as a thermostatic or non-thermostatic unit, as well as in a square or round shape, in chrome and glass or black and white, so there's something for every style of bathroom. Thanks to hansgrohe's iBox universal technology, installation is simple and the clever technology simply disappears behind the wall.

EXCLUSIVE SURFACE FINISH: The glass surface in white or black gives the product a premium and sleek look.

More space for shower specialists – **ShowerTablet®.**

The hansgrohe ShowerTablet offers a stylish way to keep your bathroom clutter-free, while also integrating the latest in bathroom technology. By combining thermostatic valves with a glass shelf, you can create a stylish area where there's a place for everything.

LARGE SHELF:
In its largest version (70 cm), the ShowerTablet has space-structuring character perfect for bigger showers.

Extra comfort and safety, quickly and easily – **Ecostat®.**

Ecostat exposed thermostatic mixers are quick to install on existing connections. The new Ecostat E model with new safety technologies is perfect for families with small children. CoolContact stops the housing from heating up and SafetyStop, the adjustable temperature limiter, protects from scalding. Welcome to carefree showertime.

CHILD SAFE:
CoolContact stops the housing heating up.
www.hansgrohe.com/coolcontact

WARMTH NOT HEAT:
SafetyStop ensures that the water is not unexpectedly hot when it comes out of the shower.

BENEFITS FOR YOU:

- Clean and uncluttered
- Round or linear design
- Can be mounted on the bath tub rim or edge of the tiles
- Can extend to 145cm for more mobility

Sophisticated technology – **sBox® bath tub.**

The shower hose that turns invisible and disappears into the bath tub rim when you don't need it. Attractive and convenient, it is coiled up and hidden away. It can be quickly and easily pulled out for the next bath or shower. Up to a handy 1.45 metres it is extremely easy to handle, requiring little traction and holding force. Guiding the hose along the bath tub is controlled, protected and safe with the hansgrohe sBox as the shower hose does not get twisted.

Express your personality – **FinishPlus.**

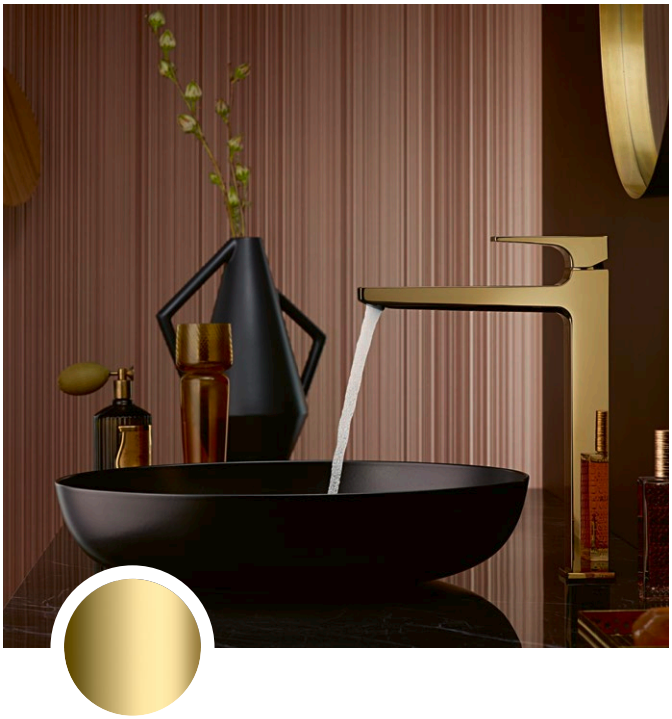
Add character to your bathroom with the latest trend colours. The new hansgrohe polished shades and matt colours create a personal look with any wash basin, bath or shower. There are two key hansgrohe tap lines in five new surface finishes; from brushed bronze to matt black taps. Express your personal style with these design options, to create your own bathroom oasis. The trend colours of matt black and matt white wow fans of modern architecture. When used as a deliberate contrast, they add a certain je ne sais quoi to any room. They can also work very effectively when combined with dark wash basin finishes or used to highlight the synergy of colourful details in the space. The elegant simplicity of our matt white and black taps will add the final touch to any bathroom with modern furnishings.

Individuality with splashes of colour.

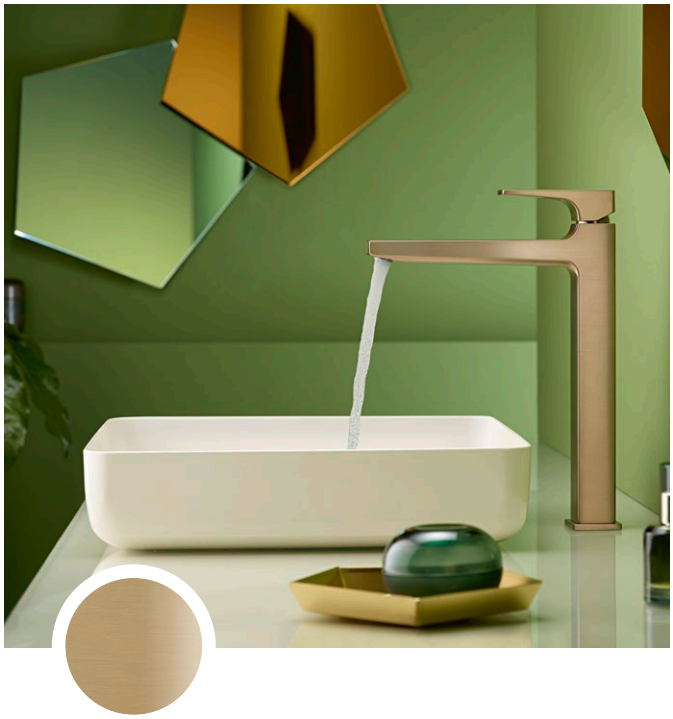
700 MATT WHITE
Bold with unconventional freshness – matte white neutrality blends seamlessly in bathrooms with subtle or fresh colour schemes.

340 BRUSHED BLACK CHROME
Striking eye-catcher – the subtle brushed chrome in black creates a distinct look. The synergy of dark and slightly reflective surface finishes looks sophisticated.

670 MATT BLACK
Going back to basics – matt black creates a bold contrast with light walls and accessories, while creating a high-end and extravagant look.



990 POLISHED GOLD OPTIC
Glamorous look – the polished surface transforms the bathroom into a luxurious refuge. The shimmering surface finish adds modest and elegant shine to the setting.



140 BRUSHED BRONZE
Harmony in gentle natural shades and nuances – the warm tone has very subtle nuances with its brushed surface finish. And it can also be perfectly paired with natural shades.

000 CHROME
Feminine elegance with classic shine – the modern classic can be matched with various materials, including porcelain, wood, stone or colourful surfaces.

Metropol®

True elegance doesn't need embellishment. That's the maxim behind the understated geometric design of the Metropol range. Various handles and spout height options give you the freedom to perfectly tailor your wash basin, shower, bath tub and bidet to your bathroom concept. Floor-standing single lever taps for wash basins and baths not only look sleek, multiple Metropol taps act in harmony to unify the look of your bathroom.

Talis® E

The gentle tapered base on the Talis E single lever basin tap merges gracefully into the length of the spout. Whether you opt for a single lever tap with ComfortZone, or to mount the Talis E on the wall, the quality of the craftsmanship and design is unmistakable. The elegant lines are continued in the matching bath and shower taps, and all have the option of Select technology, allowing you to turn water on and off via a button.

Make your dream bathroom a reality.

Do you want to transform your bathroom into a feel-good retreat bursting with character? Whether Avantgarde, Modern or Classic, we have created three style collections with a plethora of options for all your design needs.

Avantgarde.

Subtle individuality and exclusive design – use the playful touches of the emotional formal language to give your room a particularly sensuous feel.

Modern.

Contemporary, harmonious and functional – the clean lines of this style feature excellent contemporary formal language. The effect is calming on the eye and perfect for modern and functional interiors.

Classic.

Tradition and functionality in its most beautiful format – a formal language of classic beauty that spreads a warm, harmonious atmosphere.

PuraVida®

PuraVida, the exceptional designer tap from hansgrohe, interprets the enjoyment of water in a completely new way. Timeless design in radiant white and gleaming chrome cleverly reveals intuitive usability and innovative technologies. Boasting stylish taps, showers and accessories, PuraVida is the hansgrohe range that offers the peak of bathroom luxury.

Metris®

The sleek modern design of the Metris tap range offers smooth lines and a flat spacious form, and is available for the bidet, shower, bath and sink. Thanks to hansgrohe ComfortZone, we can offer you a variety of spout heights to suit how you use your sink on a daily basis. And thanks to a built-in water volume limitation of 5 l/m, Metris taps are also eco-friendly.

Metropol® Classic

It's easy to fall in love with the charm of the Metropol Classic tap range, thanks to its sophisticated sweeping lines and optional gold accents. It's a fusion of modern and classic styling, which makes it the perfect accompaniment to any luxurious bathroom aesthetic. If you opt for the gold, you'll find the subtlety of it pays tribute to the high quality of both the design and the workmanship, while the variety of handles means that you can easily tailor your bathroom to both look and function in a way best suited to you.

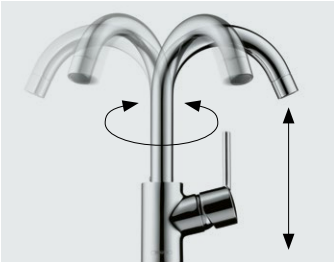
SIMPLE JET SWITCH-OVER:
Quickly and accurately fill even the largest of containers with the normal and laminar spray. The additional shower spray is perfect for thoroughly washing fruit, vegetables, fish or other sensitive foods. You can switch between jet types on the shower head with one hand, even when the water is flowing.

CONVENIENT PULL-OUT FUNCTION:
The pull-out function vastly increases your working radius at the sink. Fill bulky containers, including large pots, on the worktop without the inconvenience of holding them over the sink.

SELECT TECHNOLOGY:
The convenient Select function enables you to use the kitchen tap at the touch of a button. Water can be paused and restarted with just one click. Even with the back of your hand or an elbow, keeping the tap clean and your hands free.

The heart of the home.

hansgrohe kitchen taps and accessories are a series of innovative kitchen aids designed to make daily life easier with useful functions such as Select technology and ComfortZone. The new Focus M42 range boasts organic design with precision edges to add a touch of class to your kitchen. You have the choice between various basic shapes and heights plus two surface finishes to make the kitchen your favourite room in the house.



COMFORTZONE:
The ComfortZone feature increases the amount of space with the swivel function and various kitchen tap heights, making it easier to fill or clean tall containers such as pots, large vases and water bottles.

PRACTICAL ACCESSORIES:
hansgrohe's little helpers are known for being immensely useful in your kitchen, while also adding to the functionality and look and feel of the room. The new hansgrohe soap dispenser is available in three designs and two surface finishes to blend in with its setting.

Kitchen mixer

The alluring style and innovative technologies make kitchen chores a breeze. The Metris M71 and Talis M51 designs are all about intelligent multifunctionality, convenience and design. Benefit from innovative technologies such as the easy-clean QuickClean feature or the convenient Select function, which stops and starts the water at the touch of a button. The ComfortZone feature also gives you more leeway when handling large pots and containers.

Post-performance relaxation

Our products can help you to focus on the challenges that come with a top performance by offering you a way to rest and recuperate after a strenuous day. We understand that athletes appreciate the incentive and indulgence of a hard-earned shower showering after a hard workout.

Since 2017, hansgrohe has been the official title sponsor of the world-class BORA-hansgrohe cycling team who wow crowds all over the world, just like our products.

Our team have been involved in testing and developing products to offer our athletes a showering indulgence that matches their peak performance. Find out where and when our riders will be racing at **BORA-hansgrohe.com** or on the hansgrohe and BORA-hansgrohe team social media pages.

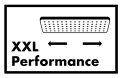
TECHNOLOGIES:

Simply regulates the water flow at the touch of a button: a convenient way to turn the shower on and off or switch between jet modes.

Reduces the flow rate to save water and energy for long-lasting pleasure.

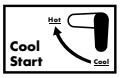
Combines water with a generous amount of air. For a soft, splash-free water jet and rich, full shower drops.

Wipe limescale deposits away easily by rubbing your finger over the flexible silicone nubs.



Distributes the water over the large spray face enveloping the whole body in drops of well-being.

Defines the useable area between washstand and mixer. Something to suit every need.

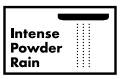


Cold water starts to flow when it is opened in the basic setting. You consume hot water only when you need it.

Cools through the controlled flow of cold water to stop the product getting hot. For even safer showering.

JET MODES:

A unique shower experience thanks to the soft caress of micro droplets.



Intense jet of micro-fine droplets for sensational showering.

Full shower rain, ideal for washing hair.

Tremendous showering pleasure over a larger area.

Gentle shower rain with air-enriched drops.

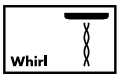
Large spray envelops your whole body in soft droplets.

An intense jet of water that activates and wakes you up.

Intensive shower rain that refreshes and rejuvenates.

A soft water spray that caresses the body for that feel-good sensation.

The harmonious combination of gentle shower drops and dynamic spray.



Concentrated targeted massage jet.

Boosts energy after a challenging day.

A strong massage spray that invigorates and soothes aching muscles.

Focussed jet for a soothing, feel-good shower.

Powerful flood spray for generous coverage.

Generous flow of soft sprays.
