

A woman is shown from the waist up, standing in a shower. She is facing slightly to the right, with her head tilted back and eyes closed, enjoying the water. Her skin is wet and glistening. She has her hands clasped behind her neck. Above her is a large, circular, white showerhead with a black mesh face, which is spraying water. The showerhead is mounted on a white wall. In the background, there is a dark, textured wall, possibly made of stone or tiles. To the left, there is a smaller showerhead and a white shelf with a bottle of soap. The overall atmosphere is one of relaxation and luxury.

The number of droplets is substantially increased for Intense PowderRain to produce a powerful, yet velvety soft spray that minimises splashing.

## MONORAIN

## RAINSTREAM

The new single sparkling RainStream spray is a crowning achievement for the hansgrohe spray developers. These special overhead shower sprays remain revitalising and intense from head to toe, giving a consistent experience however tall you are.

## The ultimate in showering indulgence

Over 170 PowderRain nozzles comprising of four fine openings in each jet, create a super-soft spray for an amazing showering experience.
