As a manufacturer, we do not offer any installation services for hansgrohe products. In the event that you would like to engage a plumber to install your hansgrohe products, you may wish to consider engaging an i-Club member.

i-Club members are a selected group of third-party independent plumbers who have received technical training on our products. The services rendered by i-Club members are chargeable by them, and they would be able to advise the cost.

You are under no obligation at any time to engage the services of i-Club members to install hansgrohe products and also advised to do a price comparison between the prices quoted by i-Club members and your own plumber contacts (if any) before deciding on the plumber to engage.
