

A close-up, low-angle shot of a man's face and upper torso under a large, white, circular showerhead. Water is spraying down in a dense, rain-like pattern. The man has his eyes closed and a relaxed expression, with water droplets on his face and hair. The background is a light-colored, textured wall.

A velvety soft waterfall,
right in your bathroom

Seeing a waterfall is an experience like no other, and our first instinct is always to hold out our hand to touch the tumbling water.

What if you could bring a little of that wonder into your own home, making even washing your hands a small moment of tranquillity?

Vivenis creates this moment. With its elegant design, it becomes a design feature in any bathroom. But the real magic doesn't start until the water flows. Our innovative AirPower technology enriches the water with air and transforms the flow into a velvety soft waterfall on your skin.

Also available in chrome and matt white.

Chrome PowderRain Showers

An unrivalled relaxation experience, thanks to the finest micro-droplets of water.

With PowderRain showers you'll experience wellbeing on another level, relaxing both your body and mind. Imitating nature's own showers and drawing inspiration from the rainforest's warm and misty droplets, PowderRain transforms water into a gentle blanket of countless micro-droplets, leaving you feeling revitalised.

Each single PowderRain nozzle has six fine holes that divide the spray into micro-droplets. Due to their lower weight, the droplets then land softly on the skin, and as there's so many of them they cover a much larger area of the body enveloping you in a cocoon of water.

The **Rainfinity** shower range reflects elegant design. The graphite coloured spray surface is slightly curved inwards, providing the ultimate in comfort and creating a truly relaxing shower experience.

Less stress, less chaos

From their choice of food to the place they sleep – we only want the very best for our furry friends. Why should it be any different with showers? The DogShower from hansgrohe is an innovative, fur-friendly solution for you and your dog

Meet the stress and chaos-free way to wash your dog. The unique, brush-like nozzles make cleaning even thick fur more thorough and more pleasant for your four-legged friend. The three specially developed low-noise jet types are perfect for fur, legs, paws and other hard-to-reach or sensitive areas. It's no wonder that dogs are rediscovering their love for bathing. After all, happiness starts with a wet nose and ends with wagging tail.

Leg Spray: For legs and sensitive areas.

Paw Spray: A soft targeted spray, ideal for gently cleaning paws.

Fur Spray: Full shower spray for rinsing off dirt and shampoo.

Spray Overview

PowderRain

Inspired by the warm misty droplets of the rainforest, PowderRain introduces an entirely new way to indulge in water. Thanks to multiple fine openings in every jet outlet, water is transformed into a cocoon of misty spray which is all-enveloping.

Intense PowderRain

The number of droplets is substantially increased for Intense PowderRain to produce a powerful, yet velvety soft spray that minimises splashing.

Rain

The openings on the hand or overhead shower may be small, but they are mighty. The pleasantly powerful rain spray revitalises and refreshes as it envelopes your whole body. It's perfect for rinsing out shampoo quickly and thoroughly.

RainAir

Relaxing shower rain, which is enriched with air inside the shower head. This makes the water feel exceptionally soft and plump, covering your body with soft beads of water and enveloping you to create a sense of well-being. It's a spray most loved by pleasure seekers.

IntenseRain

Rinsing out shampoo is easy with the strong IntenseRain spray. Perfect for a refreshing start to the day,

TurboRain

The all-purpose tool for quick results: The revitalising TurboRain spray lives up to its name. The most powerful of the Rain sprays, provides a refreshing shower experience.

Massage

A concentrated spray that simply washes the day's stress away. The targeted spray easily relaxes tense areas. The innovative circular arrangement of the sprays turns the shower into a wellness treatment in the comfort of your home bathroom.

WhirlAir

A swirling massage spray, which showers away the stresses of the day. This relieves tension, primarily in the neck area and shoulders. The rotating helix jet wanders over the skin, just like a masseur's fingers. The ideal choice for relieving stress or tension after playing sport.

MonoRain

A targeted, soothing spray from the centre of the shower head. The Mono jet's lightness helps you to unwind, making it a perfect spray for relaxing.
