AXOR MONTREUX

AUTHENTICITY.
IN PERFECTION.

03

The turn-of-the-century epoch. Symbolising a new departure, technical progress.

A wealth of culture. Immortalised in the grand hotels of Europe. And in Montreux, the legendary spa resort at Lake Geneva.

The AXOR Montreux collection is steeped in this same tradition. Mixers, showers and accessories - in the design of the first

ever industrially manufactured bathroom fixtures. Classic low-spout or modern high-spout design. In combination with outstanding technology and functionality. With no compromises. In perfection.

Design: Phoenix Design

The evolution of industrial design: from classic cross handle to modern lever handle. With the elegant form of the turn-of-the-century models. Pieced together from individual elements. Finished in perfection.

Unfailingly classical, the three-hole mixer with cross handles.

06

Bridge look, cross handle, porcelain inserts with authentic lettering. Inspired by the first ever industrially manufactured bathroom fixtures. In detail. In their entirety. In perfection.

IN THE
FINEST
HOTELS.
WORLD-
WIDE.

09

The inspiration behind the name and the location for the collection's premiere: the Swiss spa town of Montreux. Where the AXOR Montreux success story began back in 2006. Today a collection with classic status. Held in the highest esteem – and not just by grand hotels. As confirmed by two leading opinions.

KAU MANOR

BOUTIQUE HOTEL
TRIIGI, ESTLAND

12

American film-maker and artist Mary Jordan turned Kau Manor into an exclusive boutique hotel.

With the utmost care, she choose antique furniture and original, exquisite works of art. Classic AXOR bathroom fittings, showers and accessories.

With a sure feel for the history and architecture of the manor, which dates back to the 13th century. Classical and comfortable.

Kau Manor is far more than a luxury hotel. It is a country idyll with a vibrant history and a wealth of stories to tell. Its 19 rooms bear witness to lives of adventure and exploring the world.

Kau Manor is fitted with basin mixers, showerpipes, bathtub mixers and accessories from the AXOR Montreux collection.

»It is important for me to seek out products for their sustainability properties as well. AXOR Montreux is efficient in its water consumption. With AXOR, I can rest assured that the product I am planning in for my design is perfect. After all, it has to satisfy my customers and hotel guests for many years to come. I am saying this as a hotel owner and interior designer.«

11 HOWARD

DESIGN HOTEL
NEW YORK, USA

16

»11 Howard called for a premium aesthetic with a timeless classicism. AXOR Montreux lived up to our highest expectations as well as meeting the requirements of the ADA accessibility standards in the USA. Being able to have the surfaces finished in brushed gold optic was quite perfect as well.«

Anda Andrei, Anda Andrei Design

The new hotspot for New York's creative SoHo district: even the facade of 11 Howard bears witness to its artistic ambition - it features murals by young artists painted under the aegis of New York pop artist Jeff Koons.

The hotel interior is shaped by linear Scandinavian interior design. Contemporary and minimalistic. The design is the brainchild of interior designer Anda Andrei, who has been a key creative force for design hotel pioneer Ian Schrager for thirty years. Working together with Danish design studio Space Copenhagen.

AXOR Montreux is a classic statement in the 221 bathrooms. Perfectly finished in brushed gold optic.
