# Our principles – your enjoyment

## Convenience - minimal cleaning and high drainage capacity

This innovative waterless siphon (Dryphon) is part of the RainDrain and serves as an odour barrier. The patented Dryphon system, thanks to its shape (combined with high flow rate) ensures that dirt and hair can't get stuck. This reduces cleaning to a minimum. In addition, the design significantly improves drainage capacity up to 60 l/min which exceeds all standard requirements and regulations. Another advantage is that this siphon does not use water as a barrier so it can't dry out, which is nice if the shower is not used for a long time.

## Design - developing excellence

Elegant functionality appeals to both the heart and mind and it's something you can rely on with hansgrohe. Our products are consistently award-winning, outlasting fads and instead providing long-lasting value, whether they are found in your home or a world famous hotel. With over 30 years of collaboration with Phoenix Design, hansgrohe is a design leader in the industry, with more than 600 awards collected for our achievements.

reddot winner 2022

## Quality – the highest standards for the longest product life

Install a hansgrohe product and you know you'll be able to enjoy it for years to come. Offering customers the highest quality at all times is a fundamental part of our philosophy. We have been manufacturing bathroom and kitchen products for over 120 years, and we are proud of our intensive quality control processes, practiced around the world. We offer a voluntary 5 year guarantee, as well as a guaranteed 15 year parts availability after product discontinuation.

\* This guarantee applies to all hansgrohe products, with the exception of the products listed under II b on [hansgrohe.com/guarantee](https://www.hansgrohe.com/guarantee).

## Safety – watertightness guaranteed

Both RainDrain and XtraStoris fit flexibly almost any dream shower and impress as a sophisticated system solution. These products are made of high-quality materials and manufactured in progressive production processes. Thanks to the installation set and sealing membrane supplied, the drains and wall niches are protected against water damage.

# Celebrate your individuality with a FinishPlus surface

We all start and end our day in the bathroom and we all love to express our individuality. Make a statement with a FinishPlus surface and enjoy a more colourful life with a coloured bathroom surface.

Today's bathroom reflects our own personal style. FinishPlus has been developed to provide five new surface designs in matt and metallic tones, expanding your style options far beyond classic chrome. The high-quality surfaces offer a wide range of design options, giving you brand new ways of expressing yourself.

**-670 Matt Black**

Black and white contrasts, simplifying the visual language

**-700 Matt White**

Playfully unconventional

**-340 Brushed Black Chrome**

A dark, partially reflective surface creates asophisticated aesthetic

**-140 Brushed Bronze**

Soft natural tones and delicate details

**-000 Chrome**

Classic style paired with delicate elegance

**-990 Polished Gold Optic**

Glamourously luxurious

# The perfect colour match in your bathroom

hansgrohe has expanded its range to include high-quality shower drains and wall niches. Both RainDrain and XtraStoris are giving you outstanding design from one source. These products add character, with colours ranging from matt black to shiny gold; and give your shower area a personal touch.
