AXOR ShowerSelect
ID

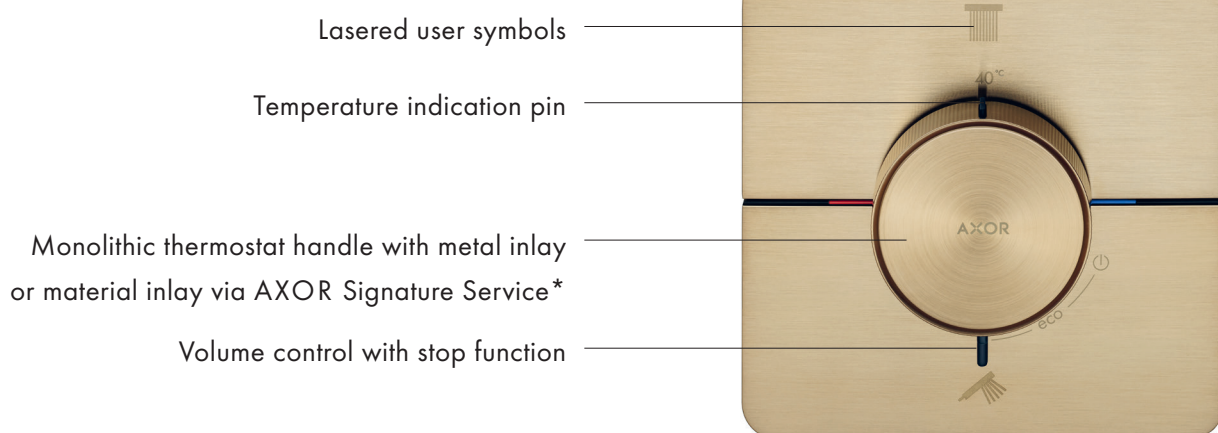

AXOR ShowerSelect ID

Precision meets Personality.

AXOR ShowerSelect ID brings unprecedented precision and personalization to the shower experience. Developed in collaboration with PHOENIX, the concealed thermostatic mixer extends just 45 mm from the wall, a feat made possible by the new AXOR iBox universal 2. Within these sleek confines, a central temperature control dial offers satisfying haptic and auditory feedback while surrounding paddles utilize the latest Select technology, allowing for quick, easy switching among spray types and outlets. With three design styles to choose from—round, square or softsquare—as well as a wide range of AXOR FinishPlus surfaces and AXOR Signature custom inlay options, AXOR ShowerSelect ID is more than a marvel of technology and design. As its name suggests, it's a unique opportunity to express one's individual identity, taste and style.

Design: PHOENIX

AXOR ShowerSelect ID is characterized by ultra-precise control, universal design styles and unique customization options. Users can combine AXOR ShowerSelect ID thermostats to cover up to four outlets in order to accommodate almost any shower configuration, from a small 1 outlet shower enclosure up to a 4 function wellness shower.

* Same finish inlay for AXOR FinishPlus surfaces, Matt Black inlay for Chrome surface

AXOR Finishes

Surface colors from stock

Surface colors with a production time of max. 6 weeks (excl. transport)

AXOR FinishPlus - the refinement of the unique

The exclusive surface finishes from AXOR FinishPlus set new standards, from the lacquered Matt Black surface to Polished Gold Optic and Brushed Black Chrome. Surfaces of exceptional brilliance, robustness, and durability, manufactured in Germany to the highest technical standards – from single pieces to large quantities. AXOR FinishPlus PVD surface finishes have character. Each color is the result of intensive development and refined in AXOR's vacuum chambers using the PVD (physical vapor deposition) process. An electric arc discharges in the high vacuum, gases combine with zirconium. The mixture hits the faucet's chrome surface. This high-tech process gives the surface unprecedented brilliance and high resistance to scratches, cleaning agents, and the salt of the sea air.

AXOR Signature Service – AXOR ShowerSelect ID

AXOR Signature is an exclusive service that takes a design object and makes it one-of-a-kind, whether by providing each mixer with the customer's personal touch or by modifying it to fit specific dimensions. The personal and customized result manufactured by AXOR experts in Schiltach. With the utmost in care and precise craftsmanship in accordance with industrial standards.

Bi-color

For those wishing to accentuate the minimalist shape and bold simplicity of AXOR ShowerSelect ID, the AXOR Signature Service introduces custom bi-color finishes. With 10 distinct PVD finishes to choose from, the combination options - from subtle tonal shifts to bold and colorful contrasts - are seemingly endless.

To request the customized Bi-color product via the AXOR Signature Service, the order consists of a detailed description of each product part and the desired finish.

Individualization possibilities are also available for dummy products.

AXOR Signature Service – AXOR ShowerSelect ID

Material inlays

Beyond functionality and design, AXOR ShowerSelect ID also sets new standards in individualization. With its unique system of custom inlay options for the product's monolithic central dial, AXOR ShowerSelect ID presents the perfect canvas to express your personality. This includes black Nero Marquina marble, Marble Lasa Covelano Vena Oro, black walnut, mirrored glass and black glass.

Individualization possibilities are also available for dummy products.

To request the customized product via the AXOR Signature Service, the order number is composed of the model number, the finish and the individualization service, the S-Tag. This creates an individual product that fits into every bathroom interior.
