

AXOR FinishPlus Boost

01. Reason Why

- Colors are an essential part of designing interior spaces. At AXOR we meet this demand through our AXOR FinishPlus offering.
- To better fulfill the expectations of our customers, we have reduced the delivery time of our products in AXOR FinishPlus surfaces and increased delivery reliability.

02. What does this mean?

- We have the most popular AXOR FinishPlus surfaces from the collections in stock. The remaining AXOR products have an improved lead time of six weeks ex factory.
- The availability of all AXOR FinishPlus surfaces is included in the AXOR product book and in the following overview:

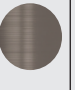

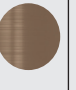

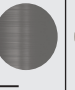

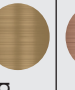

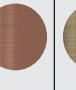

AXOR FinishPlus

Matrix
