AXOR

DESIGNED BY PHOENIX

# AXOR MyEdition

EXPANDED RANGE AND NEW SURFACE MATT BLACK

**AXOR MyEdition: A statement of personality.**  
Monolithic, linear and straightforward in design, the faucet is crowned by an elegant plate made of choice material. This year, three new faucet models are expanding the AXOR MyEdition range. Even more individualization for AXOR MyEdition is introduced by the AXOR FinishPlus surfaces, which now also include the Matt Black finish. The entire AXOR MyEdition collection and the matching AXOR Universal Rectangular Accessories will be available in this especially expressive and modern color.

VARIETY MEETS EXCELLENCE  
An expansion of the AXOR MyEdition collection

By adding the single-lever basin mixer 110, the three-hole basin mixer 110, and the three-hole basin mixer for wall mounting to AXOR MyEdition, AXOR expands the range of the collection. The striking formal language remains monolithic and linear.

**BOLD ACCENTS FOR THE SINK**  
A new surface finish for AXOR MyEdition

All products in the AXOR MyEdition collection, as well as select complementary products from the AXOR Showers range or the AXOR Universal Rectangular Accessories, are now also available in the AXOR FinishPlus Matt Black finish.

The products of the AXOR MyEdition collection are perfectly complemented by the AXOR Universal Rectangular Accessories with a coordinated design and formal language. This combination now also features a uniform color scheme in expressive Matt Black.

## AXOR MYEDITION
