Matte Black

We live for water. See for yourself.

Products packed with innovative features since 1901.

For over one hundred years the company's history has been marked by inventions and innovations that give water form and function. The value attached to research and development is accordingly high. The result is products that are just as utilitarian as they are beautiful. The icons shown will appear throughout the Price Book, and reveal the unique set of features that come equipped inside each product. See the hansgrohe difference for yourself.

Technologies

Intuitive water control – at the touch of an elegant button.

Keeps the flow to a minimum to save water and energy without sacrificing performance.

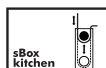

Anti-limescale function. Silicone spray channels/aerators enable you to simply wipe away deposits.

The distance between the faucet spout and base. A perfect fit for every faucet and sink combination.

A generous spray face that distributes water over a wide area, so your whole body is completely covered.

Extended pull from kitchen faucet hose and more room under the sink with innovative hose housing technology.

Combines water with a generous amount of air. For a soft, splash free water spray and rich, full water drops.

Extendable hose pull-out for expanded area of use and movement at the sink.

Spray Modes - Shower

A spray that is perfect for rinsing shampoo out of your hair.

A solid, steady stream of water for efficient showering.

For new energy after a challenging day: The dynamic, revitalizing massage spray.

A strong massage spray that invigorates and soothes aching muscles.

A gentle shower rain with air-enriched drops to wash away daily stress.

Expanded rolling spray for an intensive, revitalizing shower.

Intense water spray that energizes and wakes you up.

With its gentle micro sprays, PowderRain® provides a deeply relaxing experience.

A more concentrated spray of PowderRain® micro droplets for intense rejuvenation.

A cascade of fine jets that deliver a luxurious massage to the back of the neck and shoulders.

A singular, solid steady stream for a focused massage on a specific area of the body.

Spray Modes - Bathroom and Kitchen

Crystal clear and economical, without added air. Ideal for quickly filling large containers , and preventing splashing.

Economical and cleansing. Also good for fast rinsing at the sink.

Also known as Aerated spray. Fuller, lighter, and softer droplets.

State-of-the-art technology that delivers a wide, gentle spray. A new way to clean anything from fruits and vegetables to hands and dishes, all with little to no splashing.
