Spray Overview

POWDERRAIN

Inspired by the warm misty droplets of the rainforest, PowderRain introduces an entirely new way to indulge in water. Thanks to multiple fine openings in every jet outlet, water is transformed into a cocoon of misty spray which is all-enveloping.

INTENSE POWDERRAIN

The number of droplets is substantially increased for Intense PowderRain to produce a powerful, yet velvety soft spray that minimises splashing.

RAIN

The openings on the hand or overhead shower may be small, but they are mighty. The pleasantly powerful rain spray revitalises and refreshes as it envelops your whole body. It's perfect for rinsing out shampoo quickly and thoroughly.

RAINSTREAM

The new single sparkling RainStream spray is a crowning achievement for the hansgrohe spray developers. These special overhead shower sprays remain revitalising and intense from head to toe, giving a consistent experience however tall you are.

RAINAIR

Relaxing shower rain, which is enriched with air inside the shower head. This makes the water feel exceptionally soft and plump, covering your body with soft beads of water and enveloping you to create a sense of well-being. It's a spray most loved by pleasure seekers.

MONORAIN

A targeted, soothing spray from the centre of the shower head. The Mono jet's lightness helps you to unwind, making it a perfect spray for relaxing.

MIX

Simultaneously gentle and dynamic. The mix spray combines the rich, soft RainAir spray with the strong, revitalising CaresseAir spray. Soft drops envelop your body, while a warm jet massages the skin. It's a dream combination for daily showering pleasure.

WHIRLAIR

A swirling massage spray, which showers away the stresses of the day. This relieves tension, primarily in the neck area and shoulders. The rotating helix jet wanders over the skin, just like a masseur's fingers. The ideal choice for relieving stress or giving yourself a spa-like treatment after playing sport.

CARESSEAIR

Five strong single sprays combine in a pleasantly revitalising and powerful massage. It's just the thing for post-exercise or after a hard day at work.

hansgrohe stands for innovative solutions for kitchens and bathrooms that combine intelligent functionality, outstanding design, and enduring quality. Based in Germany's Black Forest region since 1901, Hansgrohe's premium range of showers, shower systems, bathroom and kitchen taps turn your daily moments with water into indulgent experiences.
