

A woman is shown from the chest up, standing in a shower. She is looking up with her eyes closed, enjoying the water. A large, circular rain showerhead is positioned above her, spraying water downwards. The showerhead is made of polished chrome. To the right, a handheld showerhead is attached to a vertical chrome bar. The background is a dark, textured wall, and a window with a grid pattern is visible on the left, letting in bright light. The overall atmosphere is relaxing and luxurious.
