THE ULTIMATE FAMILY SHOWER

THE NEW CROMA E COLLECTION

Introducing the ultimate family shower from hansgrohe, Croma E. Combining form and function, the new Croma E range brings both safety and style to the modern family bathroom. With the new SoftCube design featuring softly rounded corners, the Croma E range boasts the usual outstanding hansgrohe spray technology with optimal safety functions.

Thanks to hansgrohe's CoolContact technology, the thermostat housing is prevented from heating up, keeping it cool to touch at all times. Reducing the risk of scolding, the carefully directed water flow ensures the shower can be handled with ease. The additional SafetyStop at the thermostat handle also prevents an unexpected increase in water temperature, ensuring there is no danger of an excessively hot shower.

The Croma E range comes with a new Showerpipe slide, ensuring the hand shower can be adjusted to the appropriate height with minimal effort; perfect for use by multiple family members of differing heights. The integration of hansgrohe's iconic Select Function to the range makes it incredibly easy to switch between the three innovative spray modes – SoftRain, IntenseRain and Massage – for an individual and extraordinary showering experience.

Hansgrohe's QuickClean function, with removable jet discs, makes the practical cleaning and maintenance of the range easier than ever.
