The perfect piece of furniture for every bathroom

Whether a guest or family bathroom, everyone can find their favourite furniture with Xilesa E. We offer standard vanity units, console vanity units, mid-height and tall cabinets in sizes from 340 to 1375mm.

Solution for the guest bathroom in Slate Matt Grey

The handle-free cubic shapes and the two-layer principle bring modern 3D design into the bathroom.

Xilesa E combines design and functionality

The furniture can be opened either with integrated handles on the side shadow gap or the optional PushOpen function. The drawer closes safely and quietly thanks to SoftClose. The optional feet provide extra stability. This unit's sophisticated design offers maximum storage space – with drawers without a cut-out and optional IntraStoris modules that act as interior dividers.

Simplifies routines.

Maximises storage space.

Nobody should have to sacrifice storage space, especially not in compact bathrooms. Our matching vanity units and tall cabinets with a reduced depth offer sufficient space for the most important daily items, even if space is limited.

Long-lasting furniture, sustainable enjoyment

With PEFC-certified wood from sustainably managed forests and an optimised use of materials, Xilesa E series meets the strictest sustainability standards. The furniture range is DGM-certified and has received renowned quality and sustainability labels: "Golden M", participation in the "Climate Pact for the Furniture Industry" (CO₂ footprint) and the "Emission Label for Furniture".

MoistureProof

This high-quality product has been made from materials that are suitable for bathrooms. By following the hansgrohe care instructions, long-lasting pleasure is guaranteed.

PushOpen

A tap is all it takes and the doors or drawers swing open for an easy grasp and convenient opening. This mechanical opening is specially made for handleless furniture.

SoftClose

Drawers and doors are closing gently and silently. This is ensured by dampers which are integrated into the slides and hinges. For a comfortable handling of the furniture.
