

A woman with dark, curly hair is smiling as she fills a clear glass with water from a modern, black, curved kitchen faucet. She is wearing a dark, button-down shirt. The faucet is set into a dark kitchen sink. In the background, there are light-colored curtains and a glimpse of a kitchen counter with some items on it.

hansgrohe

Kitchen sinks & mixers

The kitchen is the heart of your home – the place where you most need comfort, design and efficiency.

Experience beautiful moments with water.

The new meaning of home

Over the past year, many of us have come to realise the importance of home providing a place of relaxation and retreat. As a company, we know we are providing something truly fundamental to our customers: a home filled with beauty and quality, a place of escape from the outside world. Whatever happens, we are – and always will – be by your side.

Innovations to make you feel good

Discover a range of products to enhance your kitchen. Under our guiding principles of innovation, design, quality, and responsibility, we have developed exciting products for your home. There's a product to answer every need, and a solution for every lifestyle.

Designed for people

hansgrohe is a brand for life. Whether you are looking for a moment of calm or refreshment, everything we make is designed to make life easier. Our products are not one-off ideas but comprehensive solutions, destined to become integral to everyday life. It's this that defines our brand: our focus on people.

Kitchen Sink Selection

hansgrohe kitchen sinks are functional, durable and feature impressive design. The minimalist design of the sinks, with their rectangular basic shape, will integrate seamlessly into modern, functional kitchens.

Built-in sinks: new line extension

Built-in sink
S210-F340 # 43350, -800
Includes manual waste set

Built-in sink
S210-F720 # 43351, -800
Includes manual waste set

Built-in sink
S310-F710 # 43352, -800
Includes manual waste set

Stainless Steel Sinks:

Minimalist design, maximum choice

At a glance

- Resistant to abrasive substances such as fruit acids
- Rustproof, heat resistant and hygienic
- Additional reinforcement bracket ensures tap stability
- Different sink sizes guarantees maximum flexibility
- Three installation options: surface-mounted, flush-mounted and under-mounted
- Smooth corners for easy cleaning

High quality and robust

These 1 mm thick, hand-welded stainless steel sinks shine with high quality workmanship, boasting precisely manufactured edges and 10 mm corner radii. The frame on the L version is 2 mm reinforced, ensuring complete sink stability. Stainless steel is robust enough to withstand contact with corrosive substances such as fruit acid.

Stable and easy to install

All sinks are equipped with a reinforcement bracket and double the material thickness. This ensures a stable tap fixture and no sink movement.

Heat resistant

Stainless steel is unaffected by extreme temperature changes and is completely rustproof.

Built-in and undermount sinks

Built-in sink 450
S711-F450 # 43301, -800 with 1 tap hole
S712-F450 # 43305, -800 with 2 tap holes

D15-11 # 43932, - 800 Automatic waste set

Undermount sink 370 x 370
S719-U765 # 43430, -800

Required accessories:
D15-10 # 43922, -800 Manual waste set
D15-11 # 43932, - 800 Automatic waste set

Granite Sinks

Natural perfection

At a glance

- Resistant to abrasive substances such as fruit acids
- Heat resistant and hygienic
- Colour is resistant to food stains
- SilicaTec is made up of quartz particles, which offer impact, fracture and scratch resistance.
- The water repelling effect allows water to drain off almost residue-free.
- Thanks to different colour options, you can be even more creative in the kitchen
- Different sink sizes guarantees maximum flexibility
- Different installation options: surface- and under-mounted

Natural

Whether in graphite black, stone grey or concrete grey, the material feels tactile and natural to touch. The smooth, pore-free surface prevents water from penetrating and dirt from sticking.

Resistant

SilicaTec is made up of quartz particles, which offer impact, fracture and scratch resistance. It is unaffected by heat and won't fade in the light, ensuring the colour remains true for many years to come.

Water repelling effect

The water repelling effect allows water to drain off almost residue-free. The quality of the material also prevents food stains and other discolouration.

Built-in and undermount sinks

Kitchen Mixer Selection

hansgrohe offers you a wide selection of competent kitchen helpers that are more than just a faucet. Discover for yourself the benefits of award-winning design, sophisticated functionality, and durable hansgrohe quality.

Technologies for the kitchen mixer

ComfortZone

The extra high spouts offers a lot of freedom and is perfect for filling pots and higher containers.

Pull-out spout

Extend the working area at the sink. hansgrohe kitchen taps with pull-out function offer lots more flexibility for using water at the sink.

SelectButton

Turn water on and off or select the jet type at the touch of a button. As the Select push button can also be operated using the back of your hand or your elbow, the tap stays nice and clean.

Swivel Spout

Practical for working to the left and right of the tap. This also makes it easier to switch between different bowls and work procedures at the sink unit.

Accessories & Equipment

At a glance

- Make your daily tasks more efficient with the right accessories
- The elegant design perfectly complements the hansgrohe range
- Maximum functionality, for a more comfortable workflow
- Tailor-made accessories for hansgrohe sinks
- Ideal for working in and outside of the sink
- Perfect for cleaning

Multifunction sieve

Multitasking in the kitchen is made easier thanks to the multifunction sieve, designed to move smoothly along the S51 and S71 sinks and those with a depth of 400-406 mm. Its use with undermounted sinks depends on the installation.

Dishwashing liquid/ lotion dispenser

This practical dispenser is available in three different designs and two different finishes, ensuring it coordinates perfectly with any hansgrohe kitchen tap.

Mobile draining board

When placed on the edge of the sink, the mobile draining board drains water quickly and efficiently towards the sink. After use, dishcloths can be hung on the plastic frame to dry. This two-part accessory, made of a stainless steel sheet and plastic frame, is dishwasher-safe and can be conveniently stowed away when not required.
