hansgrohe Mixers

Meet the beauty of water

We work hard to exceed your expectations in everything we do.

Quality - made by hansgrohe

15 Year Warranty.

Hansgrohe offers a 15 year warranty in South Africa, to offer you piece of mind. Our dedicated team of technicians are there to support you even after the warranty ends.

Quality and Tradition

The premium brand from the Black Forest has been supplying superior quality products since 1901. Our passion for quality translates into products that are safe, robust, sustainable and bring joy to the household.

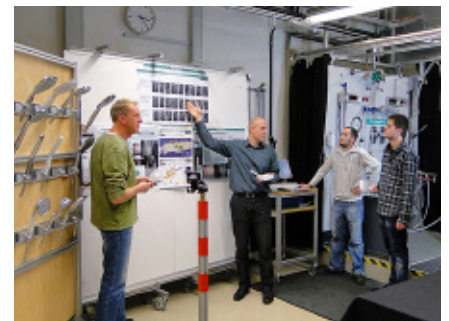

Innovative Technologies.

We continuously reinvent products to enhance your life and give you even greater comfort with leading innovations. Like the Select, a button to control water at the touch of a button.

Award-winning Design.

More than 550 international design awards including iF where we are ranked 6th in the world, Design+ and Reddot are testament to our commitment to innovation and design excellence. Highlighting our company's high quality standards.

Hansgrohe Spray lab.

Our spray lab is dedicated to the pursuit of the perfect shower, by gaining a deeper understanding of water through the tireless efforts of our research and development experts in Germany.

Innovative technologies. Functions and products with genuine added value.

EcoSmart.

In a water scarce country like South Africa, every drop counts. That is why hansgrohe offers you the widest choice of water saving showers and mixers. Our mixers use 5 l/min while showers use between 6 and 9.5 l/min. Reducing water consumption by up to 60%.

Select.

Guarantees simplicity day in and day out with the eye-catching SelectButton. Enjoy a variety by selecting your favourite spray type and switching between overhead and hand shower or switch water on and off in the bathroom and kitchen.

AirPower.

Air, that is plentiful, is mixed with water resulting in plumper, lighter and softer droplets – improving the showering pleasure while reducing your water requirement. No need to compromise your premium shower experience.

ComfortZone.

Freedom of movement between the spout and basin. Choose the right height to suit your needs.

XXL Performance.

hansgrohe offers shower heads in various sizes featuring our impressive spray discs up to 600mm in diameter.

QuickClean.

hansgrohe's basin mixer aerators and shower jets are suited with flexible silicone naps requires only light rubbing to remove limescale deposits quick and easy.

A close-up, low-angle shot of a sleek, chrome faucet with a flat handle, set against a blurred background of a bathroom. The faucet is mounted on a light-colored countertop, and a white sink is visible in the foreground. In the background, a mirror reflects a shelf with various toiletries, including bottles of soap and a container of brushes. The overall aesthetic is clean and modern.

Decor[®]

With their lean, cylindrical body and flat handle, Decor[®] introduce elegance and quality to your daily routines.

hansgrohe Sponsoring

Peak performance followed by deep relaxation

Experience the loveliest moments with water with hansgrohe. Water, that most precious element, is inextricably associated with sports. hansgrohe helps with focusing on the next challenge, and after a tough, challenging day offers relaxation under the shower: motivation and reward when showering are greatly appreciated by top athletes who perform at their very

best on a daily basis. hansgrohe is therefor the official title sponsor for the first-class cycling team BORA-hansgrohe: a sport that is particularly dynamic and innovative, and delights the masses just as much as hansgrohe products do in the bathroom and kitchen. To find out where and when you can see our cyclists in action, go to **[bora-hansgrohe.com](https://www.bora-hansgrohe.com)**

or follow the team, every day in social media:

- * BORA-hansgrohe website
- * BORA-hansgrohe on Facebook
- * Peter Sagan on Facebook
- * BORA-hansgrohe on Instagram
- * hansgrohe on Facebook
- * hansgrohe on Instagram

We look forward to hearing from you.
