AXOR UNO
FORM FOLLOWS PERFECTION

FORM FOLLOWS PERFECTION

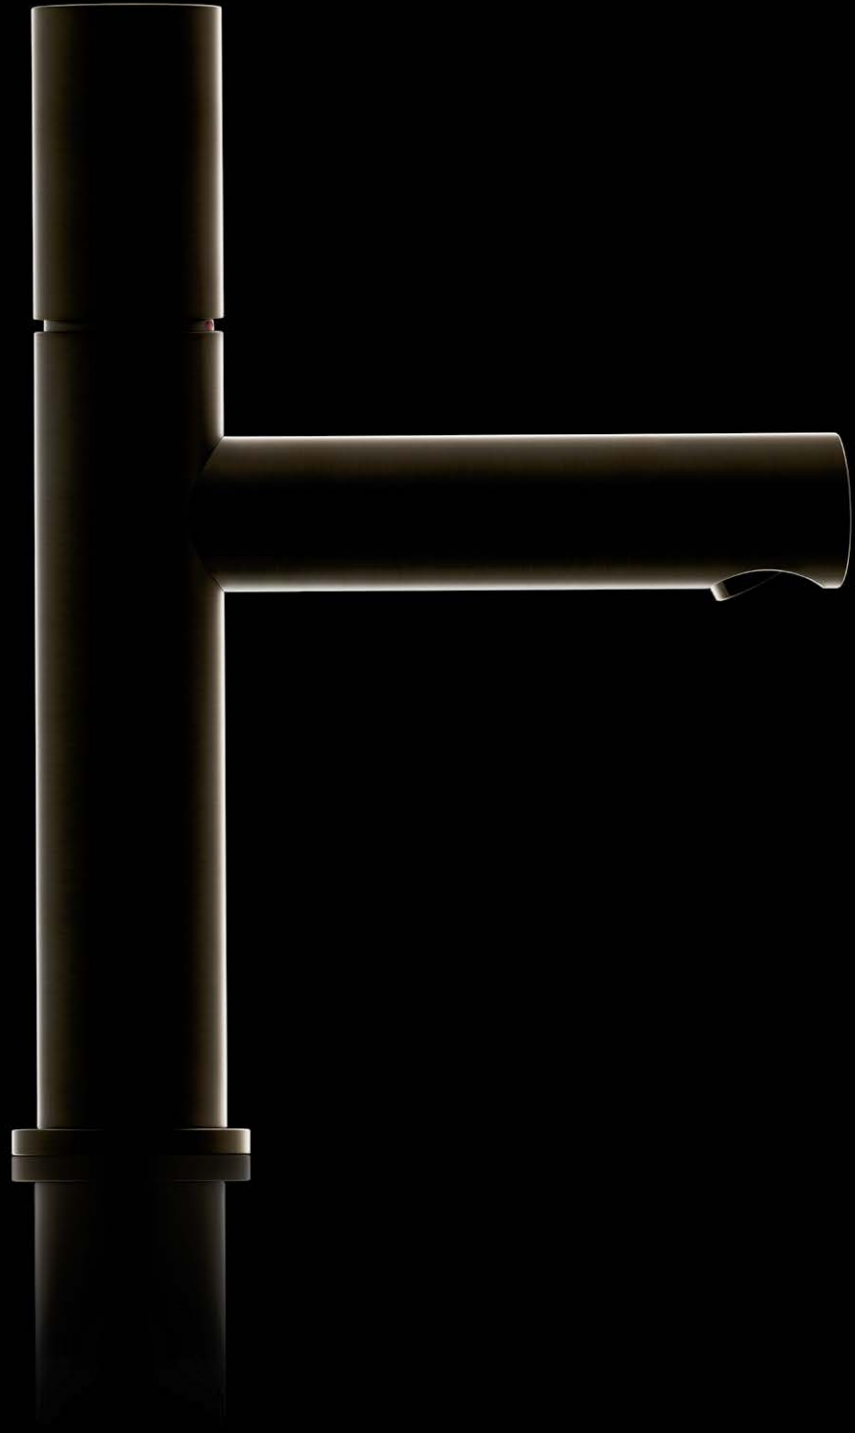

AXOR UNO

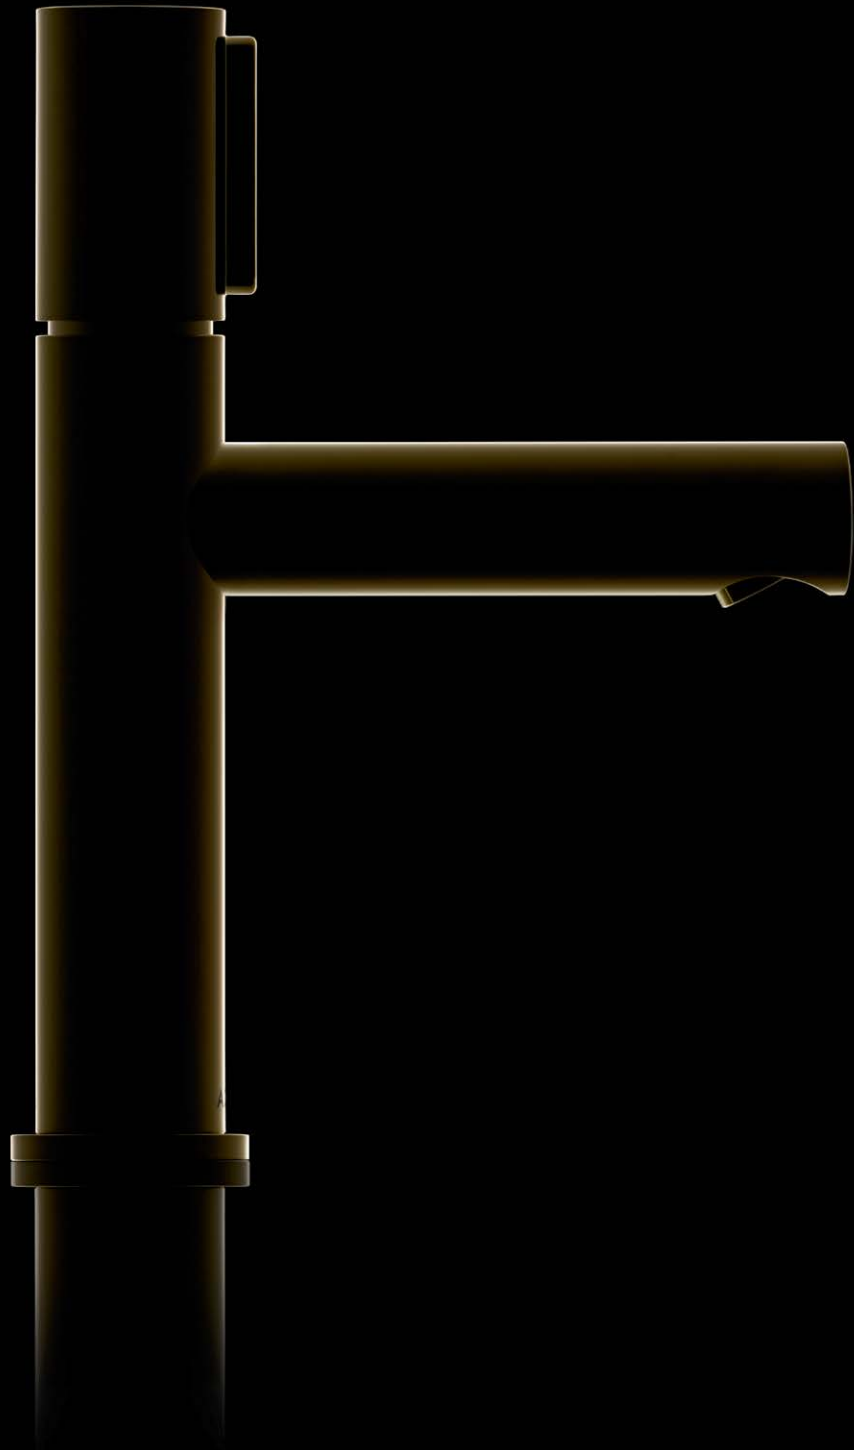

PURISM.
IN PERFECTION.

05

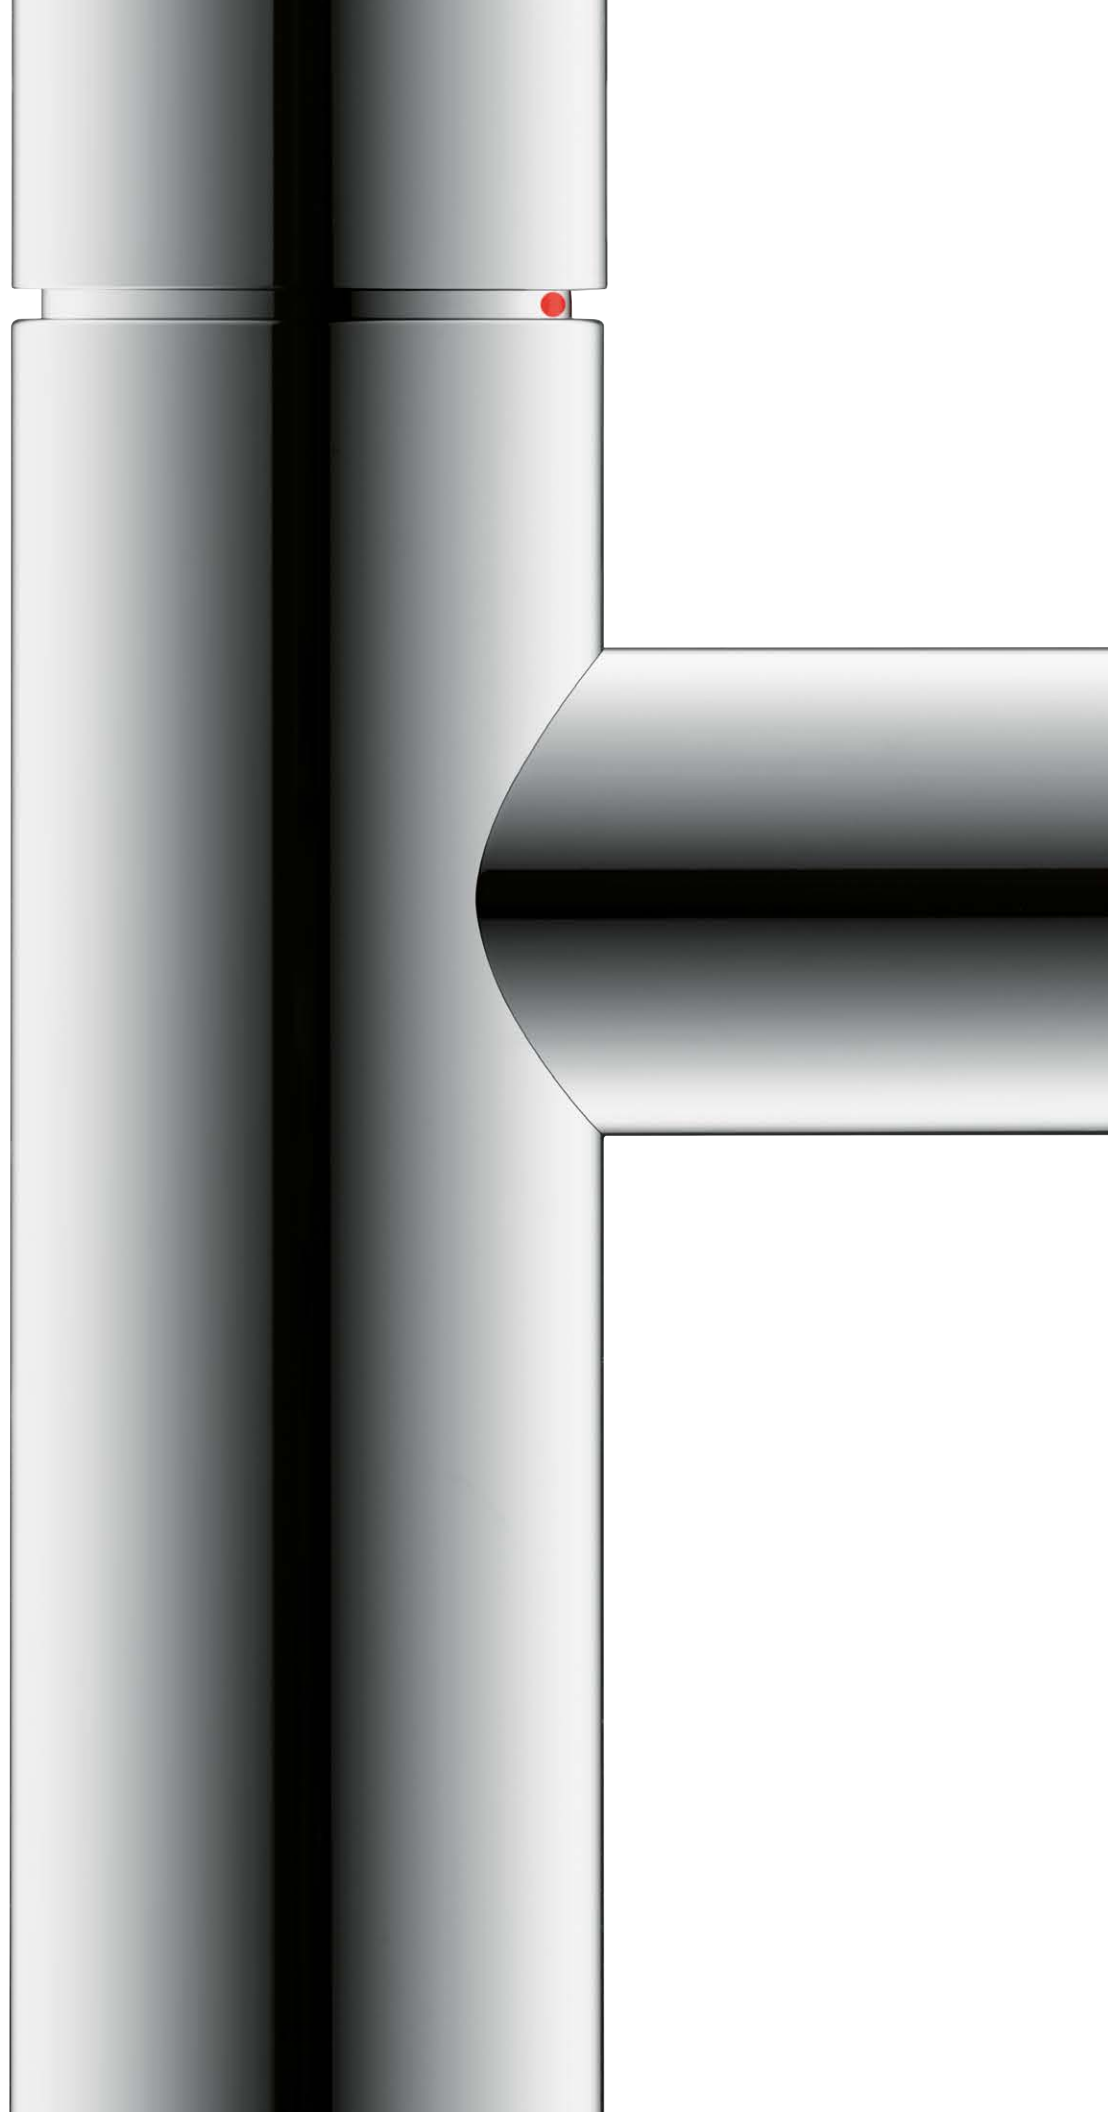

Simplicity of forms. The aesthetics of construction. The original purists let things speak for themselves. AXOR Uno perfects purism. With pipes, the most elemental means of transporting water. Simplest design. Perfectly executed.

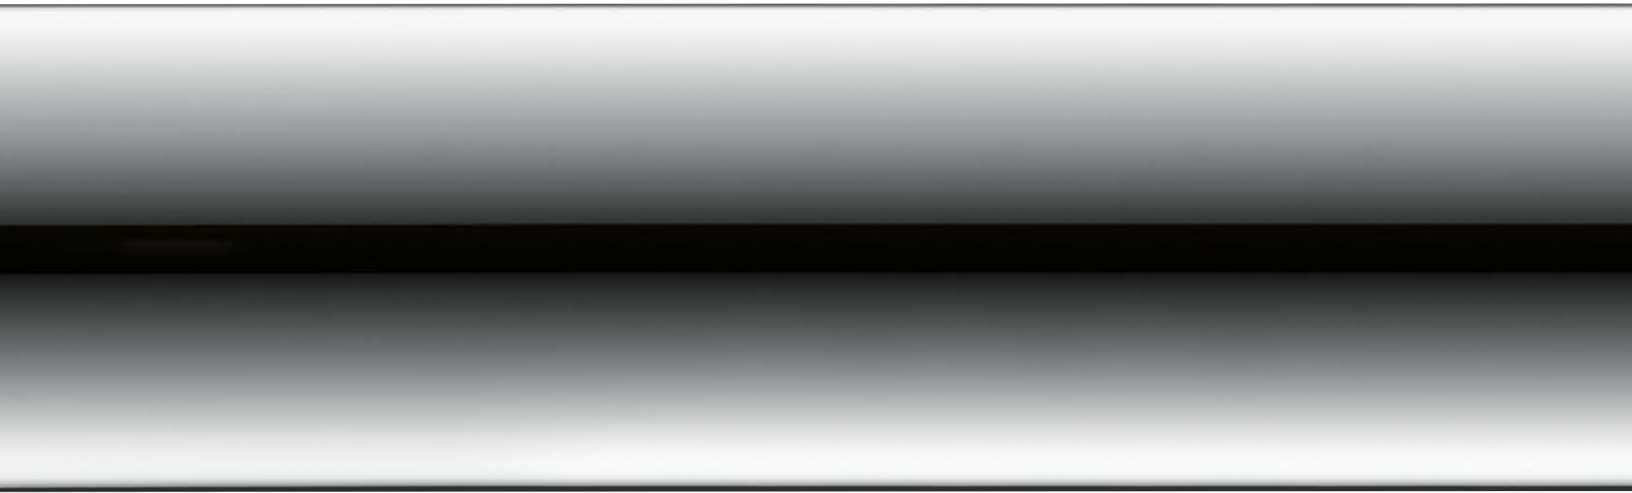

This ascetic form exudes a unique radiance. At the washbasin. In the shower. At the bathtub. Radically functional. Radically purist. In perfection.
Design: Phoenix Design

Purist design at its best. Style-defining, striking proportions.
Clear-cut. With precise contours.

A clear design principle: Two cylinders. A marriage of precision.
At right angles. Consistent in construction. Radically purist.

Maximum ergonomics, minimal design. Widespread or single-lever faucet. With the Select button. The purist form of operation. Outstanding. In form. And function.

The innovative Select technology is perfection itself. It turns the water flow on and off at the touch of a button.

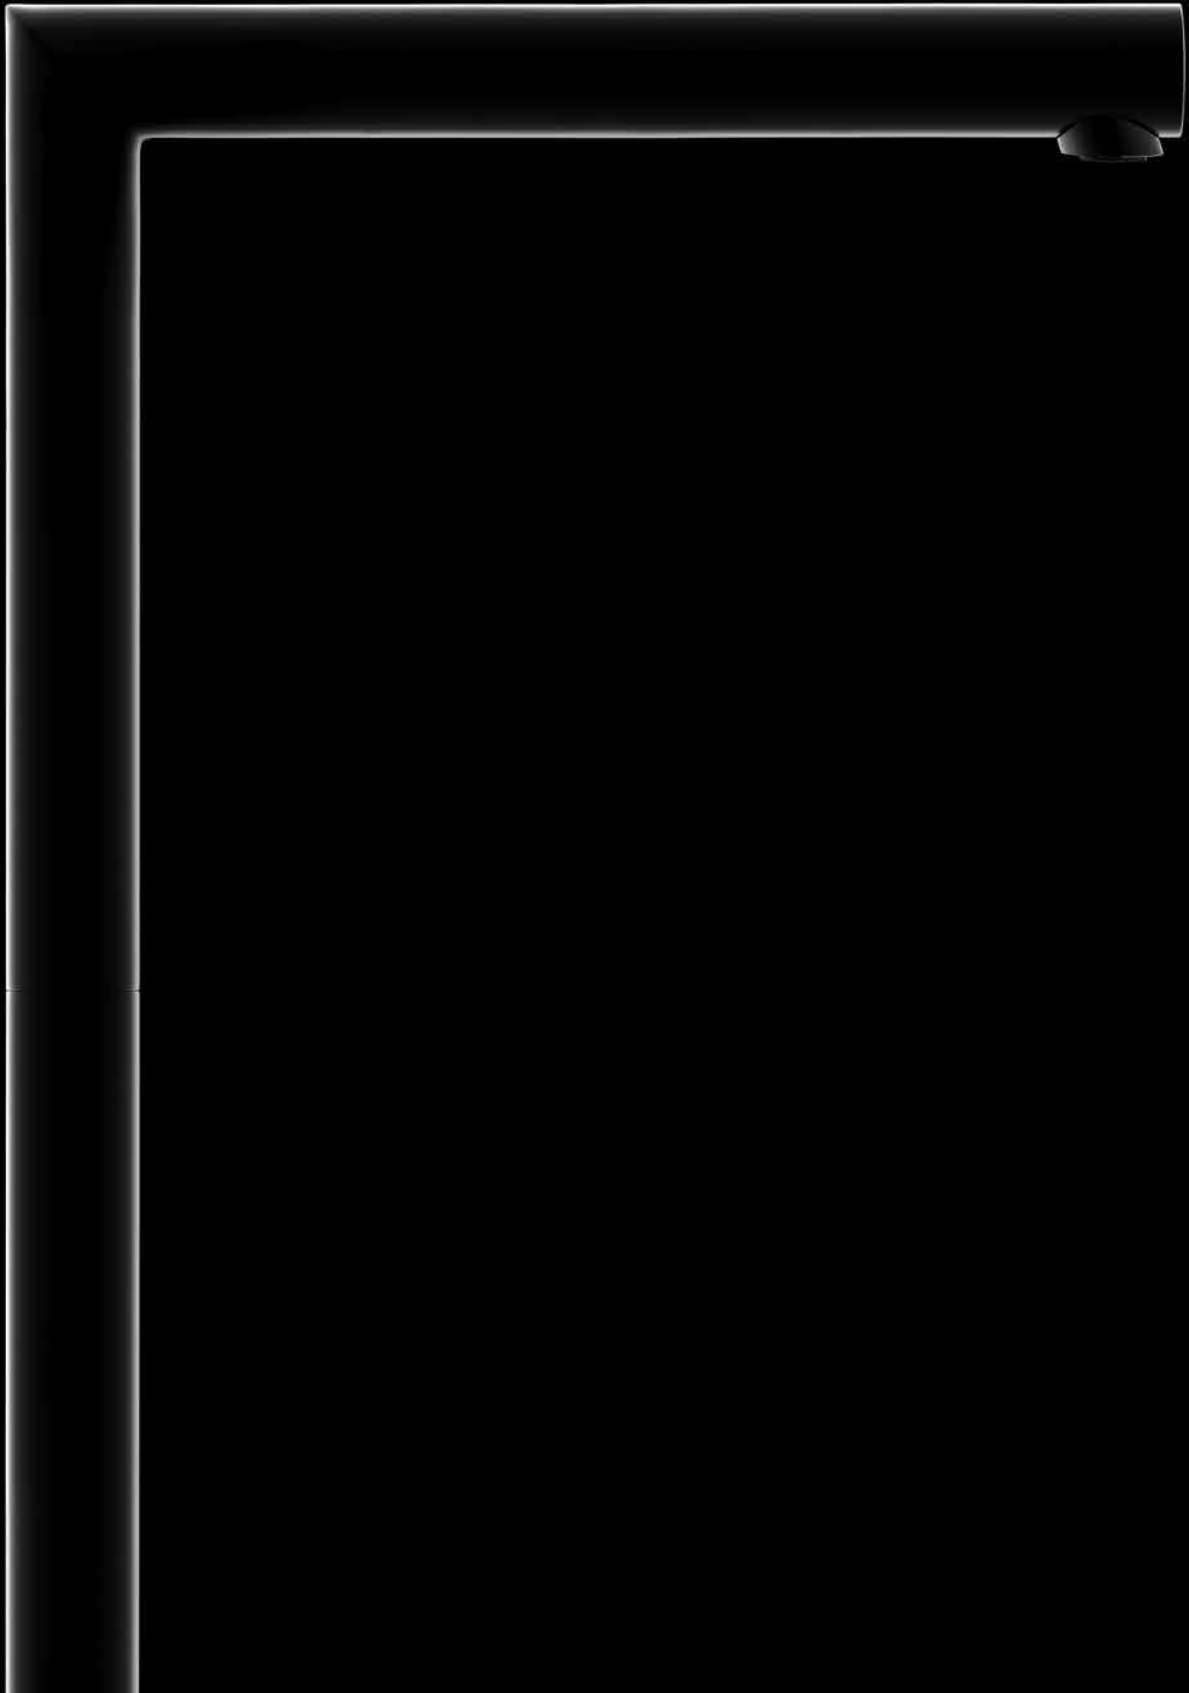

Uncompromisingly linear – also on the wall. Perfectly functional. At the core is the Select button with its purely mechanical functionality. A long-lasting innovation. In brushed nickel, the wall-mounted faucet interprets the material chosen by the first purists: Steel pipe. In its authenticity and rawness. Quintessential purism.

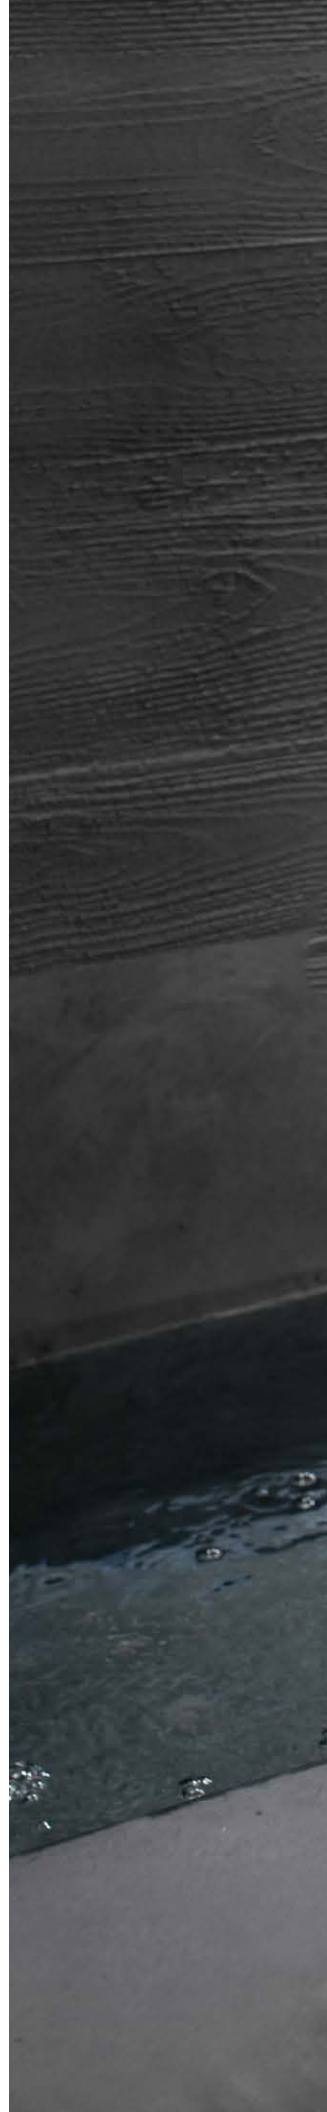

Designs with a feel for the basics. Radically purist.
The natural continuation. Extending as far as the bathtub.

Ergonomic perfection in the bathtub. Like the AXOR Uno 4-hole roman tub set. Distinctive angles and lines for the bath.

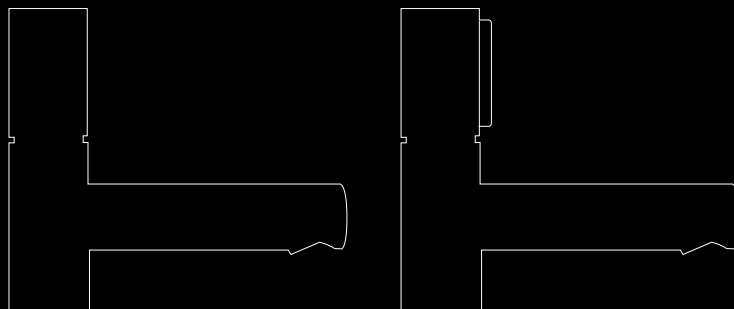

The best in freestanding tub fillers: AXOR Uno.
Purism in its purest form. With separate
or integrated controls.

COLLECTION OVERVIEW

SELECT FAUCETS
