How to use this brochure

This brochure is primarily intended to introduce the product assortment for RainDrain point drains, RainDrain linear drains, and XtraStoris wall niches. It also intends to answer basic, fundamental inquiries regarding the ordering and installation of drains and wall niches. The content consists of installation diagrams, measurement drawings, inspirational photographs, and other information that may be useful as a reference during the specification process. Use the QR scans posted throughout the brochure to find more information and enhanced content.

Product designs and prices are subject to change without notice.

Hansgrohe, Inc. reserves the right to discontinue products at any time without notice.

The measurements given are intended for reference only, and are subject to change.

Complete specification sheets and installation instructions are available for all products at www.hansgrohe-usa.com.

54 Why RainDrain and XtraStoris?

An overview of features and benefits

The perfect touch to a shower that's perfectly you.

The shower experts at hansgrohe find purpose in the enrichment of people's lives with new and engaging ways to experience water. That's why we have expanded our assortment to include high-quality point drains, linear drains, and wall niches. RainDrain point and linear drains and XtraStoris wall niches provide outstanding design from one source. Add character and personality to the shower with colors ranging from Matte Black to Polished Gold Optic. Offering a variation of size options, get the right size needed for the specific dimensions of your shower area. No matter the selection, RainDrain point and linear drains and XtraStoris wall niches will enable you to indulge in the liberty to create or revamp your shower with a personal touch.

Our principles – your enjoyment

Quality - high standards for long product life

Install a hansgrohe product and you know you'll be able to enjoy it for years to come. RainDrain point and linear drains and XtraStoris wall niches are made of stainless steel, known popularly for its resistance to corrosion in many different environments. Offering customers high quality at all times is a fundamental part of our philosophy. We have been manufacturing bathroom and kitchen products for over 120 years, and we are proud of our intensive quality control processes, practiced around the world.

Convenience - easy to clean surfaces

The lifelong purpose to enrich people's lives involves making products that enhance your real-life experiences with your shower. Every second of your day is priceless, and should be spent doing the things that you value the most. That's why RainDrain point and linear drains and XtraStoris wall niches come prepared with surfaces that you can maintain with minimal time and effort. Enjoy the comfort of hansgrohe brand drains and wall niches without the worry of a meticulous cleaning process.

Design - developing excellence

Elegant functionality appeals to both the heart and mind and it's something you can rely on with hansgrohe. Our products are consistently award-winning, outlasting fads and instead providing long-lasting value, whether they are found in your home or a world famous hotel. With over 30 years of collaboration with Phoenix Design, hansgrohe is a design leader in the industry, with more than 600 awards collected for our achievements.

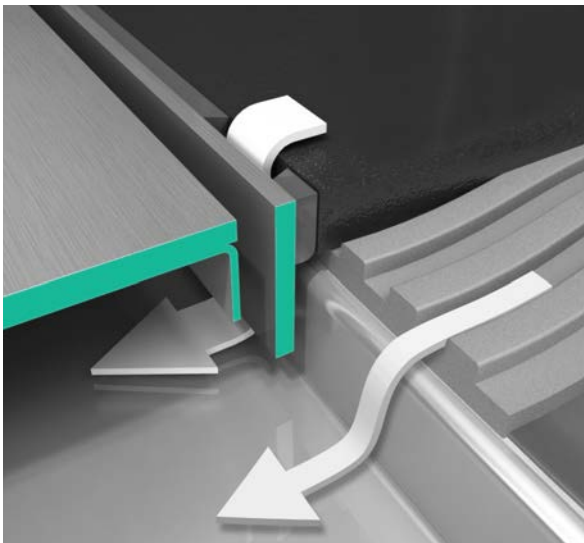

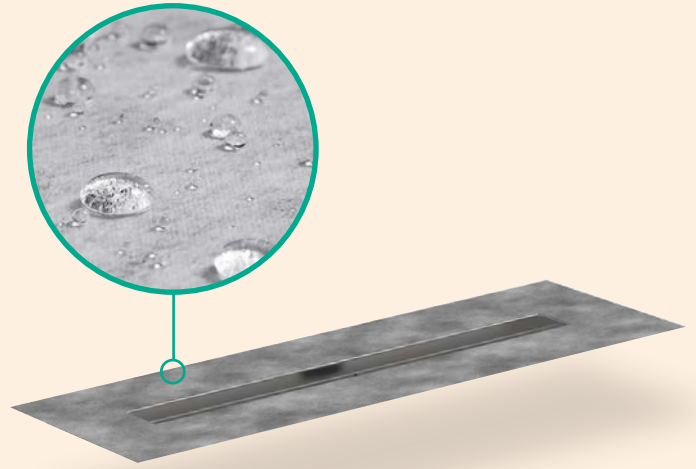

RainDrain

A sophisticated shower drain

Technology

Water Protection System

An innovative Water Protection System (WPS) provides an easy-to-install and safe-to-assemble seal system for shower drains. This WPS system consists of a flexible waterproofing membrane which is connected to the linear drain's stainless steel flanges and is attached in a controlled environment at the factory. No worries of jobsite conditions causing poor attachment, plus the potential of leaking due to unfavorable installation environment conditions is eliminated.

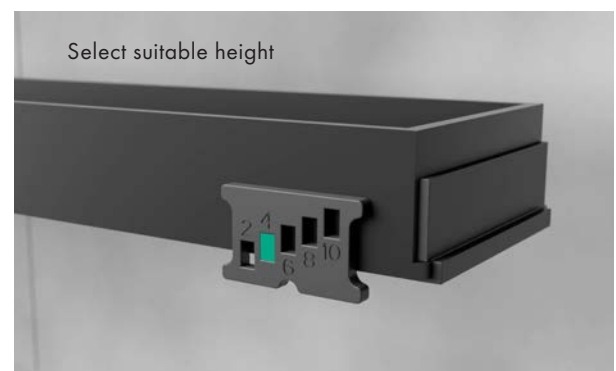

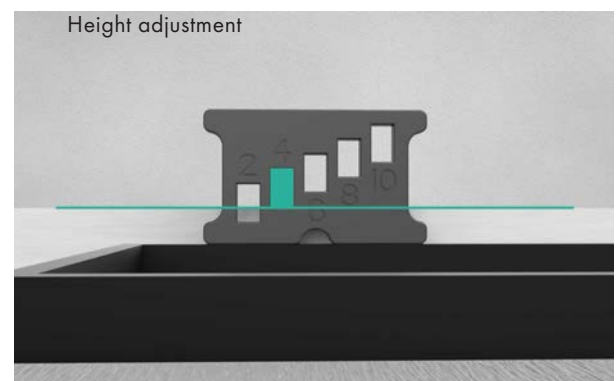

Secondary drainage

Not only can the height adjustable frame be used to the tile level but also to enable secondary drainage. With secondary drainage, water that penetrates through the sealing joints or defective tile joints will drain off to the shower channel thanks to its slope.

Height flexibility with Tile Adjustable Frame

The finish set can be easily fixed at different heights using the height-adjustable frame. The robust stainless steel frame adapts to tile thicknesses of 7-18 mm and makes installation easy and safe.

Comfort

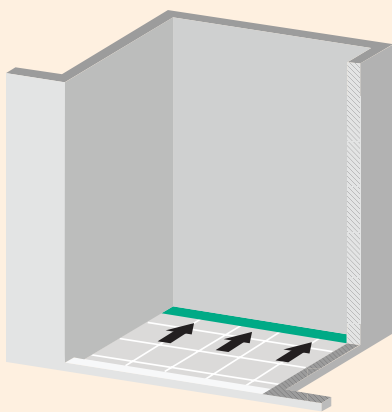

Easy-to-clean
surface

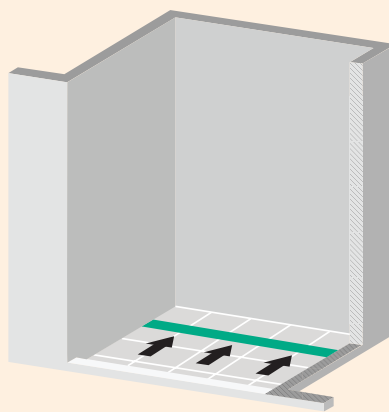

Flexible installation options

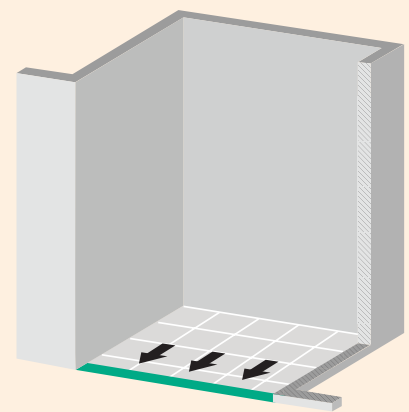

When it comes to installing RainDrain linear drains, you have options. The positioning of your drain is completely flexible based upon your needs. Here are three of the most common installation methods.

Along the wall | Wall-mounted

Centered | Wall-to-wall

At the entrance

XtraStoris Wall Niches

Add more style and storage space to your bathroom

XtraStoris: storage space for your dream bathroom

XtraStoris wall niches complement the overall look of the shower space. This range of accessories is all about high-quality materials and the manufacturing processes. All hansgrohe wall niches are reliably protected against water damage thanks to the equipped waterproof installation set and sealing membrane.

XtraStoris Original: Wall niche with integrated frame up to 35½" wide available in the colors Matte Black, Matte White and Concrete Grey.

XtraStoris Minimalistic: Frameless wall niche available in various formats and finishes. This niche has a variable installation depth which means it can be installed flush with the tile or protruding as a design element.

XtraStoris Individual: The XtraStoris Individual body and frame finishes are to be combined individually. The design frames are available in Brushed Bronze, Brushed Black Chrome, Matte Black, Matte White, Brushed Stainless Steel, and Polished Gold Optic. The body is available in Brushed Stainless Steel, Matte Black, and Matte White.

XtraStoris Rock: A tileable wall niche with a push-open door. The installation depth can be adapted to the tile thickness. The storage space either merges almost seamlessly with the wall or is used as a design accent.

Time-saving and water-tight installation

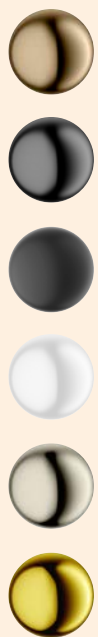

XtraStoris wall niches at a glance:

- Waterproof installation set that is safe and ensures comfortable showering in the long term.
- Simple, time-saving installation.
- Suitable for dry-wall construction.
- Easy-to-clean surface.
- Space-saving solution for design-conscious bathroom owners who appreciate optimum freedom of movement when showering.
- High-quality solution available in four versions, numerous surface finishes and dimensions.

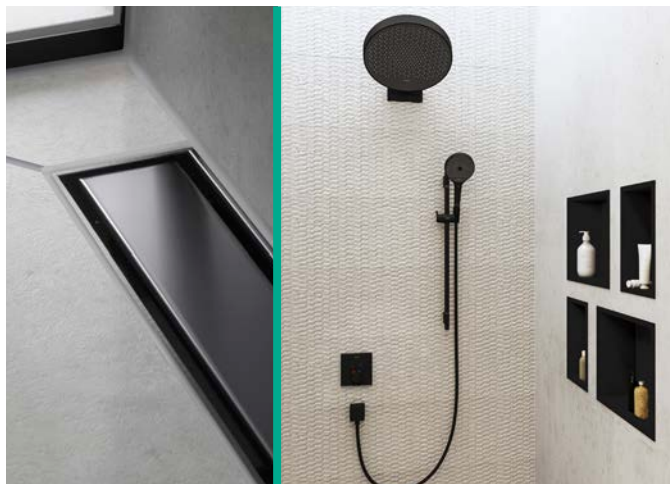

Sloped base prevents sitting water

Celebrate individuality with FinishPlus

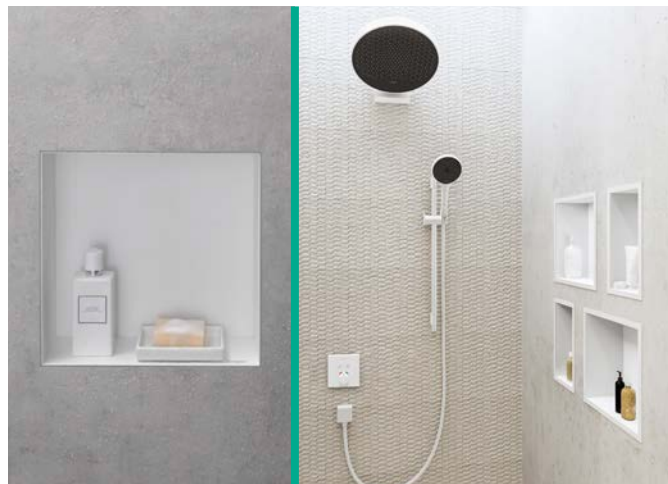

We all start and end our day in the bathroom and we all love to express our personality in some way. Make a statement with a FinishPlus surface and enjoy a more colorful life.

Today's bathroom reflects our own personal style. FinishPlus has been developed to provide surface designs in matte and metallic tones, expanding your style options far beyond classic chrome. The high-quality finishes offer a wide range of design options, giving you brand new ways of making a bold statement that is uniquely you.

Why RainDrain point and linear drains?

	RainDrain Brilliance	RainDrain Match	RainDrain Rock
Designed and manufactured by the originators and experts of the linear drain (formerly known as ESS).	■	■	■
Water Protection System - Rough is equipped with a pre-attached waterproof membrane on both sides of the flange for a water-tight seal. Prevents leaks caused by installation environment and/or the installer.	■	■	■
Simple and flexible installation options.	■	■	■
Drain can be trimmed on site for a perfect wall-to-wall fit in the shower.			■
Rough trough slopes from each end to the waste outlet to eliminate any sitting water.		■	■
Frameless design does not expose any metal, eliminating the need to match the finish of shower fixtures.			■
Can be installed with a hotmop.	■	■	■
Reversible grate with a tileable backside for seamless tile connection.	■	■	
Height-adjustable frame for easy adjustment to tile thickness.		■	
Flexible mounting options: Wall mount, free in the floor, or at the entrance of the shower.	■	■	■
Easy-to-clean surface.	■	■	■
Perfect color match with other hansgrohe products.	■	■	■
High drainage capacity.	■	■	■
Rough included with trim.	■		
Made with high standards of quality, providing durability that lasts.	■	■	■
