Vivenis[™]

The wonder's in the water.

Water like you've never felt before

Feeling a waterfall cascade through your fingers in an experience like no other. Being at one with nature, stumbling across this ever-flowing source of power, our first instinct is always to hold our hand out to touch the tumbling water. What if you could bring a little of that wonder into your own home, making even washing your hands a small moment of happiness and wellbeing?

Vivenis makes this moment. It is so much more than a tap. Its timelessly elegant design and the broad water jet makes it a veritable pleasure in the bathroom. But the actual magic begins as soon as you open the handle and the water touches your hands. Our innovative AirPower technology enriches the water with air to transform the jet into a velvety soft waterfall on your skin.

Vivenis with EcoRight not only delivers moments of wellness throughout your day, it also reduces water consumption.

A velvety soft
waterfall, right in
your bathroom.

Vivenis at a glance:

- The AirPower technology and the wide waterfall flow creates a brand new wellness experience
- The water is enriched with air, to create a particularly soft and light spray
- An elegant design complements the flow of water
- Ergonomic operation
- Available in four finishes to match any bathroom: Chrome, Brushed Nickel, Matte Black and Matte White

Bubbly. Silky. Smooth.

Vivenis is a burst of nourishing sensations. Built with our widest spout ever and velvet-soft AirPower technology, it's a handwashing experience unlike any other.

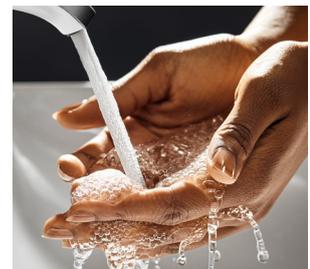

Flat handle raises smoothly for ergonomic operation.

Built-in **ceramic cartridge** and **boltic lever lock** ensure secure operation of the handle and hansgrohe quality that lasts.

Wide spout and rectangular aerator with **AirPower®** and **QuickClean®** technologies enable Waterfall Stream, a completely new water experience designed with wellness in mind.

ComfortZone® provides sufficient area of use between the faucet and the sink. Various sizes are available to suit individual needs.

Spray modes

Powder Rain
A unique shower experience thanks to the soft caress of micro droplets.

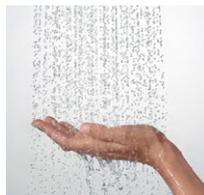

Intense Powder Rain
Intense jet of micro-fine droplets for sensational showering.

Massage
A strong massage spray that invigorates and soothes aching muscles.

Mono Rain
Focussed jet for a soothing, feelgood shower.

Rain
Full shower rain, ideal for washing hair.

Intense Rain
An intense jet of water that activates and wakes you up.

Waterfall Stream
A wide water stream, which moistens gently the entire hand.

Technologies

Select
Simply regulates the water flow at the touch of a button: a convenient way to turn the shower on and off or switch between spray modes.

EcoRight
Reduces the flow rate to save water and energy. For long-lasting pleasure.

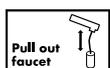

Quick Clean
Wipe limescale deposits away easily by rubbing your finger over the flexible silicone nubs.

Comfort Zone
Plenty of useable area between the faucet and base of the sink. Various faucet heights available for all types of users.

Air Power
Combines water with a generous amount of air. For a soft, splashfree water spray and rich, full shower drops.

Pull out faucet
Highest flexibility by pull-out function.
