

Hansgrohe ComfortZone test

The right mixer for every washbasin. For satisfied customers.

The ideal mixer/wash basin combination: perfectly matched aesthetically, and technologically tested. This prevents any annoying splashing and staining around the wash basin area.

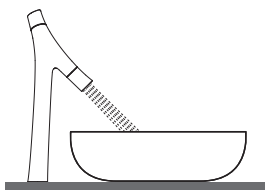

Hansgrohe tested all the Axor Starck lever handle basin mixers with the leading manufacturers' most popular washbasins in the ComfortZone test, its specially developed realistic test procedure. The space under the mixer and the splash behaviour are tested in this performance test of mixer and basin. You will find detailed information on the ComfortZone test at:

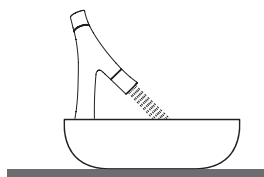

pro.hansgrohe-int.com/axor-washbasin-matrix

Ceramic types

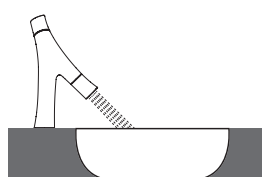

You will always find the matching Axor Starck lever handle basin mixer to go with the familiar basin types. The Hansgrohe ComfortZone test is a comprehensive guidance document for the perfect installation of the mixer and washbasin for pleasant, splash-free washing. Four different ceramic types were tested in the Hansgrohe ComfortZone test:

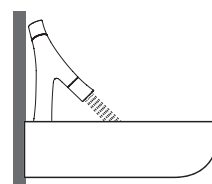

Washbasin with the mixer behind it

Washbasin with the mixer on top of it

Washbasin with the mixer on the wall

Wall-mounted washbasin with the mixer on it

You can use the results of the ComfortZone test free now. At:
