流量限制器(EcoSmart)必须与多路出水功能的花洒配套使用, 比如淋浴天堂1200/300 4速头顶花洒。安装流量限制器后, 由于流量限制, 花洒每次只能开启一种出水功能, 不能同时开启多种出水功能。

The EcoSmart (flow limiter) must be assembled in combination with the AXOR ShowerHeaven 1200/300 4jet only! After assembling the EcoSmart, only one spray mode is possible, not the combination of different spray modes.
