01024180

## Consignes de sécurité

⚠ Lors du montage, porter des gants de protection pour éviter toute blessure par écrasement ou coupure.

## Instructions pour le montage

- Avant son montage, s'assurer que le produit n'a subi aucun dommage pendant le transport. Après le montage, tout dommage de transport ou de surface ne pourra pas être reconnu.
- Les directives d'installation en vigueur dans le pays concerné doivent être respectées.
- Lors du montage du produit par un ouvrier qualifié, il faut faire attention à ce que la surface de fixation soit plane sur toute son étendue (aucun dépassement de joint ni de carrelage), que la construction de la paroi soit adaptée à l'installation du produit et surtout ne présente aucun point faible. Les vis et les chevilles fournies sont uniquement appropriées au béton. Pour les autres constructions, il faudra tenir compte des préconisations du fabricant de cheville.

**Démontage** (voir pages 6)

**Dimensions** (voir pages 3)

**Informations techniques** (voir pages 8)

**Pièces détachées** (voir pages 3)

## Accessoires en option (ne fait pas partie de la fourniture)

Limiteur de débit #87086000 (voir pages 3)

élément-filtre #87089000 (voir pages 3)

**Entretien** (voir pages 6)

## Safety Notes

⚠ Gloves should be worn during installation to prevent crushing and cutting injuries.

## Installation Instructions

- Prior to installation, inspect the product for transport damages. After it has been installed, no transport or surface damage will be honoured.
- The plumbing codes applicable in the respective countries must be observed.
- Where the contractor mounts the product, he should ensure that the entire area of the wall to which the mounting plate is to be fitted, is flat (no projecting joints or tiles sticking out), that the structure of the wall is suitable for the installation of the product and has no weak points. The enclosed screws and dowels are only suitable for concrete. For another wall constructions the manufacturer's indications of the dowel manufacturer have to be taken into account.

Attention! L'utilisation d'une connexion hydraulique entre la douchette et le tuyau de sortie n'est pas autorisée en Allemagne en raison de droits de brevet tiers jusqu'au 12/09/2021. La même restriction s'applique également à d'autres pays où des droits de propriété similaires existent jusqu'à la fin de leur validité légale. Dans ces pays, veuillez utiliser une connexion hydraulique latérale.

**EN**

Attention! The use of a hydraulic connection from the hand shower to the outlet pipe is not permitted in Germany due to third-party patent rights until 12/09/2021. The same restriction also applies to other countries where similar property rights exist until the end of their legal validity. In these countries, please use a lateral hydraulic connection.

**DE**

ACHTUNG! Die Verwendung einer hydraulischen Verbindung von der Handbrause zum Auslaufrohr ist aufgrund von patentierten Rechten dritter bis zum 12/09/2021 in Deutschland nicht erlaubt. Die gleiche Einschränkung gilt auch für andere Länder, in denen es ähnliche Eigentumsrechte gibt, bis zum Ende dieser Rechtsgültigkeit. In diesen Ländern verwenden Sie bitte eine seitliche hydraulische Verbindung.
