Installer Notes:

This is a specialty showerhead. For best results, Hansgrohe recommends that this be used only with a 3/4" thermostatic mixer and a 3/4" volume control valve. Do not use this showerhead with a pressure balancing mixer.

Due to the weight of this showerhead, Hansgrohe recommends that it be used only with the shower arm included with the 27470, or with the 27431 Large Cast Shower Arm, available separately.

The 28490 can be used in a ceiling installation provided that the supply pipe is properly secured.
